Computerized Systems for Meal Benefit Approval

Collection of information regarding the use of computerized systems for the purpose of meal benefit approval is required by the State Agency as per USDA guidance.

Please note: USDA and FNS do not evaluate, recommend, approve or endorse any software used for certification or verification purposes.

If your SAU uses a computerized system for Meal Benefit Approval, please list the Name of School and the Computerized System used to approve Free and Reduced-Price Parent Income Applications for meal benefits.
