### **For immediate release: We Will Publicize Your N.H. History Week Project!**

Plan ahead for **2014's New Hampshire History Week, October 19-25**, and we can announce your project!

There's so much to be discovered! How could you and your students discover and showcase your local history? What documents, buildings, locales, and stories illustrate New Hampshire history? What local groups, individuals, and organizations could partner with you and your students to create fun N.H. History Week celebrations?

The coordinating committee for N.H. History Week will publicize – collectively and statewide – the New Hampshire history events that you and others plan and hold. Such events *throughout* the month of October are encouraged, too!

Partners represented on the coordinating committee for N.H. History Week include the New Hampshire Department of Cultural Resources, New Hampshire Historical Society, New Hampshire Humanities Council, New Hampshire Preservation Alliance, and the Land and Community Heritage Investment Program. Visit these organizations' websites to learn the many ways they keep New Hampshire history alive.

Interested? For more information or to talk about ideas, please contact Dr. Judith Moyer, Coordinator, New Hampshire History Week: [jnmoyer@unh.edu](mailto:jnmoyer@unh.edu).
