

NH 21st Century Community Learning Centers Program

# NH 21st Century Community Learning Center Program Fact Sheet

The goal of the 21<sup>st</sup> CCLC program is to raise student academic achievement through the creation and expansion of community learning centers that provide students with academic enrichment opportunities as well as additional activities designed to complement their regular academic program. Centers can be located in elementary, middle or secondary schools or similarly accessible facilities. They provide a range of high quality services to support student learning and development, including tutoring and mentoring, homework help, academic enrichment (e.g., hands-on science or technology programs), and community service opportunities, as well as music, arts, sports and cultural activities.
