*Corrective Action for All Districts	Districts entering Corrective Action must revise the improvement plan in place during Year 2 to include specific corrective actions to be taken in Year 3 to improve student achievement. The actions are articulated through a Memorandum of Understanding between the Superintendent of Schools and New Hampshire Commissioner of Education. A liaison from the NH Department of Education is assigned to the district for the purpose of facilitating the development of the plan and resulting Memorandum of Understanding. The liaison also holds regular progress meetings with the District's Administrative Team and provides consultation and technical assistance as needed.
