Bureau of Special Education FY'10 Memo #17

Date: November 25, 2009

To: Superintendents
Special Education Directors

From: Office of the Commissioner of Education

Division of Instruction
Bureau of Special Education

RE: **December 2010 Federal Child Count and Environmental Data for Special Education**

In order to ensure that each New Hampshire school district will receive federal special education funds for fiscal year 2011, the New Hampshire Department of Education is required to submit a child count and environmental settings data to the United States Department of Education, Office of Special Education Programs (OSEP). The data reports **MUST** be received by OSEP by February 1, 2010. Preparing the child count so that it meets federal requirements requires the cooperation of special education personnel at the district level. The source of data for these reports is the New Hampshire Special Education Information System (NHSEIS). The schedule for preparing the federal child count for FY'10 follows.

12/01/09 REFERENCE DATE for determination of student data eligibility for FY'10 child count and environmental settings

1/11/10 Students' compliance date will be generated from NHSEIS

2/01/10 DEADLINE for receipt to OSEP of NH Child Count and Environmental Data

THIS SCHEDULE MUST BE FOLLOWED STRICTLY BECAUSE THERE IS ABSOLUTELY NO FLEXIBILITY WITH THE DATE THAT THE CHILD COUNT MUST BE RECEIVED BY OSEP.

If you have any questions or need technical assistance, please contact Ralph Tilton at 271-3839. We understand that meeting the deadlines for the child count and environmental settings requires a tremendous effort on the part of local district staff. These efforts are truly appreciated.
