Re: Private Providers ~ Guidance for the Development of a Special Education
Policy and Procedure Manual

The New Hampshire Department of Education (NHDOE), Bureau of Special Education in conjunction with input from private providers of special education, has developed a model Special Education Policies and Procedures Manual that private providers can utilize. This manual is compliant with the Federal and State regulations and is available at:

http://www.education.nh.gov/instruction/special_ed/forms.htm

This manual is available to provide guidance to private providers of special education in developing their own special education policies and procedures manual.

When considering developing their own special education policies and procedures manual, private providers will need to take steps to ensure all of the legal components of the manual are included.
