These results are for the students who were instructed in the previous teaching year grade. For example: Fall Testing grade 5 is reporting the performance of teaching year grade 4.

Note: This report includes NECAP data only. Students who did not take the test for any reason are NOT included. The denominator for percent proficient is number of students tested by NECAP (which is not a true representation of the student population). A student's assignment to a school or district in this report is not contingent on continuous enrollment (as it is in AYP reporting). If less than 10 students are tested then results are not reported. Ethnic group designations have changed over time. Please see website for more information. These results are for the students who were instructed in the previous teaching year grade. For example: Fall Testing grade 5 is reporting the performance of teaching year grade 4.

Note: This report includes NECAP data only. Students who did not take the test for any reason are NOT included. The denominator for percent proficient is number of students tested by NECAP (which is not a true representation of the student population). A student's assignment to a school or district in this report is not contingent on continuous enrollment (as it is in AYP reporting). If less than 10 students are tested then results are not reported. Ethnic group designations have changed over time. Please see website for more information. Data source for report: Disaggregated results teaching year.
