Note: This report includes NECAP data only. Students who did not take the test for any reason are NOT included. The denominator for percent proficient is number of students tested by NECAP (which is not a true representation of the student population). A student's assignment to a school or district in this report is not contingent on continuous enrollment (as it is in AYP reporting). If less than 10 students are tested then data is not reported. Ethnic group designations have changed over time. Please see website for more information. Data source: Disaggregated results teaching year.
