

Terminology Transitions

Below is a list of credentialing terms that are transitioning to new language. Transitions may be due to RSA/rule changes, business practice, or consolidation/clarification. We appreciate your patience as we work to update our documents, website, EIS (Educator Information System) and general messaging. Any additional transitions moving forward will be posted here.

For further assistance, please contact the most appropriate email:
cert.info@doe.nh.gov or EIS.Help@doe.nh.gov
