Public comment
Kim Carter ~ Friday Institute for Educational Innovation, to help educators and student allies better support the diverse way students learn, has created the Learning Differences MOOC-Ed, a free, six week course beginning October 2nd. Kim will send additional information to Barbara to distribute to the SAC members.
Overview of the Day
Review the statutory role and responsibilities of SAC
Bonnie updated the State Advisory Committee’s responsibilities

1. Advise the NHDOE regarding unmet needs within New Hampshire related to the education of children with disabilities.
2. Advise the commissioner of education on issues relating to special education.
3. To promote communication and cooperation among individuals involved with students with disabilities.
4. Advise the Department of Education in developing and implementing policies relating to the coordination of services for children/students with disabilities.
5. Review the federal financial participation and the level of state funding to determine their impact on the programs and delivery of services to children/students with disabilities.
6. In accordance with 300.514 of IDEA, findings and decisions of due process hearings are to be transmitted to the SAC, after any personally identifiable information has been deleted.

Small group breakouts on selected SAC responsibilities
Small groups report back and full group discussion

- Federal financial participation and level of State funding to determine the impact on the programs and delivery of services to children/students with disabilities.
- Legislative and parent stakeholder groups: everyone says funding is a problem
- Bill last year: legislative committee study adequacy formula
- Commissioner, study structure of the DOE
- What is our role in HB 356 committee to study?
- SAC would want to consider adequacy and FAPE.
- Is the size of the federal grant sufficient?
- $1,500 per child, $41 million. Significant disabilities, $1,500 doesn’t pay for one week.
- What are our priorities? How do we determine?
- Discussed importance of having per pupil funding by district available.
- How are professional development grants different from grants that directly impact children?
- Ask DOE how much effort would it take to find more federal money (grants)?
- Adequacy for 3rd grade reading, it is sufficient?
- Personnel shortage in special education.
- Use of law enforcement for discipline
- Disproportionality in discipline
- Family engagement
- Math literacy (trained teachers)
- Funding and funding equity
- Inclusionary practices (high school)
- Transition (secondary)
- Support groups to parents/parent support at school level
- Possible advisory/action steps
- Letter(s) to DOE Commissioner (Governor and State Board)
- Request meeting(s) with Commissioner, Governor and/or Education Committees, House Senate, State Board/DOE
- Develop presentation and/or white paper
- Invite decision-maker to a meeting
- Methods to identify and provide advocacy resources for students with disabilities who are vulnerable
- Methods to share/coordinate school district resources (example: for kids with all-inclusive disabilities)
• Collect data
  o Parent surveys
  o Hold regional forums
  o Renew results of prior forums (e.g., ESSA meetings)
  o Review parent and student satisfaction surveys
  o Collaborate with DOE regarding existing data DOE collects (knowledge) indicator data
  o Make sure we collect right data for the problem trying to solve
• Awareness of resources → PIC, ELL programs, supports for parents
• Utilization of public television – recorded trainings televised – NPR - webinars
• Communication from district, state level for resources available to parents
• Medical → special education information and communication
• Family-friendly guides to special education
• Education to teams about parent participation so parents feel heard – family engagement
• More education about Voc Rehab
• Listening groups around the State

Special Education Funding: The Rest of the Story by Bonnie Dunham
In the packet distributed to attendees is a write-up on Special Education funding. SAC would like to gather additional information on the scope of the funding problem and present to the Legislators.
