RE: Reporting Timelines for Special Education Indicators and Other Important Reports

The New Hampshire Department of Education, Bureau of Student Support has created a *Reporting Timeline for Special Education Indicators and Other Important Reports* as a resource for Special Education Directors, designed to provide districts with basic information about indicators and other specific reports.

This resource provides the following information:

1. Name and definition of the indicator or name of the report and a brief description are provided in the first column.
2. Source for the Indicator data or report is in the second column.
3. Timeline for the district to review the data (if applicable) is in the third column.
4. State data capture/review is in the fourth column.

The process involved with some Indicators is more complicated than others, so we have provided a description of the process for those Indicators that are more involved.

If you have any questions regarding this resource or the processes and reports contained herein, please contact Kevin Stevenson at Kevin.Stevenson@doe.nh.gov or 271-2960.
