Compliance & Improvement Monitoring Visit
Conducted on December 4-5, 2018
Report Date: January 15, 2019

Overview of the Special Education Compliance & Improvement Monitoring Process

New Hampshire has a responsibility, under federal law, to have a system of general supervision that monitors the implementation of the Individuals with Disabilities Education Act (IDEA) by school districts. The general supervision system is accountable for enforcing IDEA, New Hampshire State Statutes (NH State Statutes), and the New Hampshire Standards for the Education of Children with Disabilities (NH Standards) and for ensuring continuous improvement. As stated in section 616 of 2004 amendments to the IDEA, "The primary focus of Federal and State monitoring activities described in paragraph (1) shall be on -

- (A) Improving educational results and functional outcomes for all children with disabilities; and
- (B) Ensuring that States meet the program requirements under this part, with a particular emphasis on those requirements that are most closely related to improving educational results for children with disabilities."

There are eight components that comprise New Hampshire's (NH) general supervision system. It is important to note that although the components are separate, the components connect, interact and articulate requirements to form a comprehensive system. The general supervision system for NH has the following components:

- State Performance Plan
- Policies, Procedures, and Effective Implementation
- Data on Processes and Results
- Targeted Technical Assistance and Professional Development
- Effective Dispute Resolution
- Integrated Monitoring Activities
- Improvement, Correction, Incentives and Sanctions
- Fiscal Management

The Special Education Compliance & Improvement Monitoring review is one method that the New Hampshire Department of Education (NHDOE), Bureau of Student Support (Bureau) utilizes to implement the general supervision system. The Special Education Compliance & Monitoring review is comprised of:

- Special Education Procedures and Effective Implementation
- District Special Education Forms and Effective Implementation
- Special Education Personnel
- Program Visits
- Identification of Recommended Preventive Actions
- Monitoring of Special Education Process
- Improvement, Correction, Assistance, and Enforcement

The intent of the Compliance & Improvement Monitoring review is to improve student outcomes for students with IEPs by:

- Ensuring districts understand and are implementing special education requirements in accordance with IDEA, the NH State Statutes, and the NH Standards; and
- Improving special education procedures, and practices.
- Identifying and supporting correction of noncompliance, consistent with Office of Special Education Programs (OSEP) Memo 09-02.

The Bureau followed a standard process to select districts to participate in the Special Education Compliance & Improvement Monitoring review. Each district was sorted into one of six cohort groups based on size using the current October 1st fall enrollment. The Bureau utilized a multi-data approach which aligns with the OSEP differentiated monitoring approach to determine the district in each cohort group with the highest need based on the District Determinations; the State Performance Plan Indicators: (4B) Suspension/Expulsion, (5A) Education Environments, (6A) Preschool Environments, (11) Child Find, and (12) Early Childhood Transition; and state special education complaints.

Once a district was selected, the Bureau contacted the district to discuss the Special Education Compliance & Improvement Monitoring review with the school administration. The Milford School District was selected through this process. The Milford School District is comprised of 4 schools: the Jacques Memorial Elementary School with a grade span of preschool through 1, the Heron Pond Elementary School with a grade span of 2 through 5, the Milford Middle School with a grade span of 6 through 8, and the Milford High School with a grade span of 9 through 12.

The Bureau also provided targeted professional development regarding the Special Education Compliance & Improvement Monitoring review process and completion of the self-assessment data collection form. The district was provided with a list of 42 students with disabilities representative of the schools based on grade level, disability, gender, special education program, and case manager. At the time of the selection of students, the information entered into the New Hampshire Special Education Information System (NHSEIS) indicated that there were no students enrolled in charter schools, and 3 students placed by the district in approved out-of-state special education programs. During the onsite visit, the monitoring team selected a total of 32 of the 42 student files to review.

The monitoring visit conducted on December 4-5, 2018 consisted of 4 NHDOE team members and one visiting special education administrator verifying district-identified evidence on the self-assessment data collection form. While the district completed the entire self-assessment, 16 out of 32 files reviewed covered Parts 1 & 3 (encompassing questions 1-2 and 31-64) the remaining 16 files that were reviewed covered Parts 2 & 4 (encompassing questions 3-30 and 65-70).

The district fall enrollment for October 1, 2017 showed that there were a total of 2,339 students enrolled in the Milford School District which had a grade span of preschool through grade 12. The district data profiles for October 1, 2017 indicated that there were

362 students in the Milford School District who were identified with disabilities receiving special education services.

The district was encouraged to invite their special education staff as well as related service providers and regular education staff, if appropriate, to attend the review. For the staff who attended the review, this provided another targeted professional development opportunity. Staff members were provided the opportunity to learn about implementing IDEA, NH State Statutes, and the NH Standards, and to engage in a professional discussion of best practices for ensuring improved outcomes for students with disabilities.

The NHDOE review members (monitoring team) for this Compliance & Improvement Monitoring review included: Joanne DeBello, Lori Noordergraaf, Janelle Cotnior, and Heidi Clyborne. The special education administrator participating in this Compliance & Improvement Monitoring review was Kenneth Deusing, Director of Student Services from Windham School District.

Special Education Procedures and Effective Implementation

Each district must have special education procedures and effective implementation of practices that are aligned and support the implementation of IDEA, NH State Statutes, and the NH Standards. As part of the special education Compliance & Improvement Monitoring review, the NHDOE reviewed the district's special education procedures plan for compliance.

The NHDOE reviewed the district's special education procedures plan for the following components.

- Procedures based on the current New Hampshire Standards for the Education of Children with Disabilities pursuant to Ed 1101.01
- Procedures for handling confidential information pursuant to Ed 1126.02(b)(3)(a):
 - Confidentiality Requirements pursuant to Ed 1119.01
- Due process guarantees pursuant to Ed 1126.02(b)(3)(b):
 - Referral and Disposition of Referral pursuant to Ed 1106.01 Process; Provision of FAPE
 - Procedural Safeguards pursuant to Ed 1120.05(c) Parent Refusal of Consent; Initiation of Due Process Hearings by LEA
 - Administrative Due Process Hearing Procedure pursuant to:
 - Ed 1123.02(a) Sequence of an Administrative Due Process Hearing
 - Ed 1123.03(a) Filing a Due Process Hearing Complaint
- Least restrictive environment processes pursuant to Ed 1126.02(b)(3)(c):
 - Placement of Children with Disabilities pursuant to:
 - Ed 1111.01 Placement in the Least Restrictive Environment
 - Ed 1111.02 Continuum of Alternative Educational Environments
 - Ed 1111.03 Placement Decisions

- Ed 1111.04 Home Instruction of School-Age Children with Disabilities
- Child find activities pursuant to Ed 1126.02(b)(3)(d):
 - Child Find pursuant to:
 - Ed 1105.01(b) Responsibilities of the Local Education Agency
 - Ed 1105.02 LEA Child Find Program
 - Ed 1105.03 Child Find For Children Placed in Homes for Children, Health Care Facilities, or State Institutions
 - Ed 1105.04 Child Find for Children Currently Receiving Family Centered Early Supports and Services
- Non-discriminatory testing practices pursuant to Ed 1126.02(b)(3)(e):
 - Evaluation Procedures pursuant to 34 CFR 300.304 (c)(1)(i), (ii) Other evaluation procedures
- IEPs pursuant to Ed 1126.02(b)(3)(f):
 - The Individualized Education Program pursuant to Ed 1109.06(a) Monitoring and Annual Review of IEPs

Based on the review of the Milford School District’s special education procedures plan, the NHDOE determined there were **6 findings of noncompliance** that must be corrected as soon as possible but no later than six months from the date of this report.

COMPLIANCE CITATIONS	AREA OF COMPLIANCE
1. 34 CFR 300.623(d); Ed 1119.01	Procedures for Handling Confidential Information
<p>Finding of Noncompliance: When the NHDOE was verifying the evidence of compliance, the special education procedures plan for Confidential Requirements did not have procedures for maintaining current names and positions of employees within the school district who may have access to personally identifiable information. District Special Education Forms and Effective Implementation

As part of the review of the Milford School District’s forms implementing the special education process, the NHDOE also looked for evidence that the policies and procedures were effectively being implemented. The NHDOE reviewed the following district forms to ensure the implementation of the special education process:

- Record of Access pursuant to 34 CFR 300.614; Ed 1119.01(a)
- Notice of Special Education Meeting pursuant to 34 CFR 300.322; Ed 1103.02
- Parental Permission to Waive Time Limits for Written Notice pursuant to Ed 1103.02(d)
- Written Prior Notice pursuant to 34 CFR 300.503; Ed 1120.03
- Specific Learning Disability Eligibility Determination Documentation pursuant to 34 CFR 300.311; Ed 1107.02
- Evaluation Report pursuant to Ed 1107.05(a),(b)
- Procedural Safeguard Notice pursuant to 34 CFR 300.504; Ed 1120
- Age of Majority pursuant to 34 CFR 300.320(c) and 34 CFR 300.520; Ed 1120.01(b)
- Annual Notification when Proposing Accessing Public and Private Insurance pursuant to 34 CFR 300.154(d)(2)(v); Ed 1120.08(a)

Based on the review of the Milford School District’s special education forms, the NHDOE determined that there were **no findings of noncompliance**.

Special Education Personnel

The NHDOE reviewed the Milford School District special education staff certifications using the New Hampshire Educator Information System. The review process was for special education staff employed during 2018-2019 school year.

The data for Milford School District was generated on October 4, 2018 and December 6, 2018. Each special education staff member’s endorsement was compared to the subject/assignment. This process was used for special educators who hold Education Intern License 4 (INT4), Beginning Educator Certification (BEC) and Experienced Educator Certification (EEC). If the endorsement was appropriate to the subject/ assignment then the renewal date of the endorsement was verified to ensure that the endorsement was current.

If there was a discrepancy between endorsement and the subject/assignment, the district was given an opportunity to verify the data. If the discrepancy could not be resolved a finding of noncompliance was made based on Personnel Standards pursuant to Ed 1113.12, 34 CFR 300.18, and 34 CFR 300.156.

Based on the review of the special education staff certifications, the NHDOE determined there was **1 finding of noncompliance**.

<p>Corrective Action Regarding the Implementation of the Regulations: The Milford School District must provide the NHDOE with evidence that resolves the discrepancy between subject/assignments and endorsements with the staff member at the Milford Middle School. Provide the updated information to the NHDOE as soon as possible but no later than 6 months from the date of this report.</p>	

The district was notified of the concerns listed above for each of the schools listed. Staff specific information was shared with the district.

Program Visits

The purpose of the program visits has been to observe the district’s full range of opportunities for the child with a disability that cannot be met in a regular education setting. Per Ed 1111, districts shall ensure that children with disabilities are educated with children who do not have disabilities to the maximum extent appropriate and that removal from the regular educational environment occurs only when the nature or severity of the disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily. School districts shall comply with the requirements of 34 CFR 300.115, relative to continuum of alternative placements.

Based on the review of the Milford School District’s special education programs, the NHDOE found that the school district was in compliance with Ed 1111.

Monitoring of Special Education Process

Districts are responsible for implementing the special education process in accordance with IDEA, NH State Statutes, and the NH Standards. The self-assessment data collection form highlights the district's understanding of the requirements of IDEA and the NH Standards, and was reviewed during the monitoring visit. Each area of compliance on the self-assessment data collection form clearly outlines whether the compliance is either a requirement of both IDEA and the NH Standards or a requirement of solely the NH Standards. During the monitoring visit, the monitoring team verified the evidence of compliance based on the review of the student file, using the district's self-assessment as a resource.

Based on this review, the monitoring team identified findings of noncompliance with IDEA and the NH Standards. The findings include the compliance citation, the area of compliance, the specific component of the regulation, and the required corrective actions, which include timelines for demonstrating correction of noncompliance. Student specific information is not included in the report but will be provided to the district's Special Education Director.

There are two main components to the corrective actions entitled, "*Corrective Action of Individual Instance of Noncompliance*" and "*Corrective Action Regarding the Implementation of the Regulations*". The first component, "corrective action of individual instance of noncompliance," is for any noncompliance concerning a child-specific requirement. There must be evidence that the district has corrected each individual case of noncompliance, unless the child is no longer within the jurisdiction of the district. These areas must be corrected as soon as possible with state timelines given in the report for each area. The NHDOE will return to the district, typically within three months of the date of the report, to verify compliance for each individual instance identified in the report. The second component, "corrective action regarding the implementation of the regulations" would typically involve the district's providing professional development training to appropriate staff with regards to areas found to be in noncompliance. The NHDOE will review updated data collected after the identification of noncompliance to demonstrate that the district is correctly implementing the specific requirement. This involves a follow-up on-site review of new student files, selected typically within seven to eight months of the original on-site monitoring visit.

Overview of the Student Specific Findings of Noncompliance

The chart below identifies the area of compliance based on student files that were reviewed by the monitoring team during the onsite visit. The chart is broken down into the **compliance citations** and **area of compliance**. The compliance citations are based on the *CFR* found in the federal regulations of IDEA and the *Ed* found in the administrative rules of the NH Standards. The chart aligns the regulatory components to the numbered questions in the self-assessment. Regulatory components and self-assessment numbers are bolded in instances where noncompliance was noted by the monitoring team.

The **review status** identifies the **number of files reviewed** for the self-assessment question as well as the number of files that were found to be in compliance. For example “*1 out of 3 files demonstrated a record of parties that have obtained access to the education records collected or used under Part B of the Act. For student files A & B, there was insufficient evidence demonstrating compliance with this requirement.*” This means that 3 files were reviewed and 1 file was found to be in compliance and students A & B were found to be noncompliant.

In cases where there was a finding of noncompliance for a particular student, the chart identifies the **First Stage Corrective Action of Student Specific Instance(s) of Noncompliance**. In the case of an individual instance of noncompliance, the corrective action would generally involve the IEP team convening to resolve the finding of noncompliance. Timelines for these corrective actions are also noted. For the First Stage Corrective Actions, the NHDOE will return to the district within three months following the district receiving written notification of noncompliance (the report) to review all student files in which there were findings of noncompliance in order to verify compliance with the corrective action stated in the report.

In cases where there was a finding of noncompliance for a particular student, the next section of the chart identifies the **First Stage Corrective Action Regarding the Implementation of the Regulation**. This section will also include a reference to a student file that was used as evidence to support the noncompliance of the regulation, if applicable. This section informs the district of any practices or procedures which need to be corrected as well as trainings for staff to inform them of the corrections as a result of the findings of noncompliance. The required corrective action by the district and a timeline for the corrective action is also provided.

In cases where there was a finding of noncompliance for a particular student, the final section of the chart identifies the **Second Stage Corrective Action Regarding the Implementation of the Regulation**. Identified in this section will be the number of new student files that will be selected at each school to demonstrate correct implementation of the regulations for the section of the self-assessment in which noncompliance was found. For the Second Stage Corrective Actions, the NHDOE will verify compliance through a subsequent on-site review of the new files within five to six months from the date of the report. **The total number of student files selected for the Second Stage Corrective Action Regarding the Implementation of the Regulation will not exceed the original number of files reviewed at each school.**

For students A, S, AB & AD there was insufficient evidence demonstrating compliance with this requirement.
70.	34 CFR 300.503(c)(1)(ii) Ed 1120.03(b)	15 out of 16 IEP files demonstrated evidence that the notice given to the parents of a child with a disability was provided in the native language of the parent or other mode of communication used by the parent, unless it was clearly not feasible to do so. For student AB there was insufficient evidence demonstrating compliance with this requirement.

First Stage Corrective Action Regarding the Implementation of the Regulations: Provide training to staff on completing the written prior notice for placement in order for staff to appropriately document each component of a written prior notice.

Provide the dates, names of attendees, and a description of the trainings, which defines the district's procedure for complying with this specific rule, to the NHDOE within three months from the date of this report.

Second Stage Corrective Action Regarding the Implementation of the Regulations: The NHDOE will review 2 new student files at Jacques Memorial Elementary School for Self-Assessment Questions 65-70; 2 new student files at Heron Pond Elementary School for Self-Assessment Questions 65-70; 2 new student files at Milford Middle School for Self-Assessment Questions 65-70; and 3 new student files at Milford High School for Self-Assessment Questions 65-70 for updated data demonstrating compliance with this requirement.
