The Contractor shall deliver any emergency requested item ordered under the contract within 24 hours from the placement of the order. The State shall clearly define the item(s) as an emergency when placing the order.

The use of a private carrier to make delivery **does not** relieve Contractor from the responsibility of meeting the delivery requirement.

ORDERING: State agencies will place their orders by electronic order entry, by e-mail, by FAX, or they may establish a standard delivery order. Eligible participants will utilize their own individually established ordering procedures.

ESTABLISHMENT OF ACCOUNTS:

Each State of New Hampshire agency shall have its own individual customer account number. There shall be instances where sub-sections of an agency shall need their own individual customer account number. Should any State of New Hampshire agency place an order under the contract, Contractor agrees to establish an account within three business days from the date the order is placed. However, there shall be no delay in any shipment; the agency shall receive the items ordered in accordance with the delivery time required under the "Delivery Time" section of this bid invitation, as if an account already exists for them. Accounts will be set up for the use of P-Cards. Cards shall not be charged until the products have been shipped.

RETURNED GOODS:

Contractor shall resolve all order and invoice discrepancies within five (5) business days from notification. Products returned due to quality issues, duplicate shipments, over-shipments, etc. shall be picked up by Contractor within ten (10) business days of notification with no restocking or freight charges, and shall be replaced with specified products or the agency shall be refunded/credited for the full purchase price. Unauthorized substitutions for any products are not allowed.

Standard stock products ordered in error by the State of New Hampshire shall be returned for full credit within fifteen (15) business days of receipt. Products shall be in re-saleable condition (original container, unused) and there shall be no restocking fee charged for these products. The using agency shall be responsible for any freight charges to return these items to the Contractor.

BALANCE OF PRODUCT LINE ITEMS:

Each section lists the items most commonly purchased by State of New Hampshire agencies. During the term of contract, the State may purchase other items which are closely related to the items specified in the line items awarded (ex: Can Liners, Paper Products, etc.) from the Contractor(s)' Balance of Product Line. **Contractor shall not offer balance of product line items for item types not within the category(s) awarded.** Balance of Product Line items under the "Miscellaneous" category are items similar to those listed in this category, i.e., mops, spray bottles, scrub brushes. All items ordered shall include all shipping/charges.

Agencies ordering Balance of Product Items must request a quote from all vendors awarded a contract in the associated category. Balance of Product Items will be purchased from the vendor submitting the lowest quote meeting specifications.
