

Comprehensive School Improvement (CSI) Targeted School Improvement (TSI) Technical Assistance
Questions and Responses

1. How soon might we be able to look at the reports the Diagnostic Review Team for the 8 schools? **As soon as a contract is awarded, the successful bidder will have access to the Diagnostic Review reports**
2. Are the BIS staff overseeing this project available July/August? **Yes, the staff works year round.**
3. Will we have access to some sort of state website to collect and disseminate resources available to schools? **The data information is public available to everyone on our iPlatform page, found on the NH DOE website. Dissemination of materials can be provided by the Bureau of Instructional Support.**
4. Do the CSI/TSI schools have an internal budget for travel to training sessions? **The CSI schools have monies available to them for school improvement activities.**
5. Do we have access to the DOE's analytic team to run some of the statistics/data from the CSI schools? **This would depend on the information you are looking for.**
6. Do you have any past School Improvement Plan Templates that you might share with us? **No, we would expect the successful bidder to create and share with us the School Improvement Plan template for approval.**
7. Do you want a plan for Year Two as part of the amended proposal/timeline or should we simply focus on Year One? **This RFP is only for one year.**
8. Is it likely that the budget for the RFP for Year Two will be the same as Year One and will longitudinal data/evaluation be expected? **It has yet to be determined if we will go out to RFP for year 2.**
9. **Start date: Upon approval from the Governor and Executive Council (we do not anticipate that will be before June 21, 2019).**
10. **Finish Date: June 30, 2020**
