Footnotes:

(1) These are students that exited high school during the 12-13 school year but subsequently received a GED certificate from the State of NH as a result of testing at one of the 21 NH GED testing centers. Only students that voluntarily granted access to their high school transcripts have been counted on this high school report. Any student who did not grant access to their transcripts or who received a GED from another state could not be verified and therefore has been counted as "Dropped Out."

(2) These are non-GED early exit students who enrolled in at least one college course. National Clearing House data, which contains enrollment verification for 92% of US two and four year college students, was used to identify enrollment. GED college students have been counted as GED only. They are not double counted.

(3) Dropouts are early exit non-graduates that have not been identified as either receiving a GED or enrolling in college. Twenty Nine (29) dropouts that were counted as dropouts for 06-07, 07-08, 08-09 09-10,10-11 or 11-12 have been excluded to avoid double counting.

(4) The total number of early exit non-graduates has been used to calculate annual and cumulative percentages. These are comparable to prior years' "dropout" rates. The rate formulas are explained below.

(5) The annual and cumulative percentages have been calculated using only the "Dropped Out" sub-category count. The rate formulas are explained below.

(6) Different rate calculations must be used for high migration schools. Annual rates are calculated by dividing the count by the number of individual students enrolled throughout the year less the number that transferred out. Since the expected time to graduation varies with each student and is usually shorter than 4 years, the cumulative rate is not applicable. This applies to North Country Charter Academy, Great Bay eLearning Charter School, Ledyard Charter Academy, CSI Charter School, PACE Career Academy Charter School, Making Community Connections Charter School (H) and Virtual Learning Academy Charter School only.

Definition of an early exiter: For 2012-2013, any student who completed the 2011-2013 school year but did not return to school in September 2012, **or** who left high school during the 2012-2013 school year and did not return to high school by October 1, 2013. The definition does not include students who were home schooled, suspended, temporarily expelled, truants, incarcerated; or who completed a high school program (diploma or certificate), transferred to another high school, or died.

Definition of a dropout: For 2012-2013, any early exiter who has not received a GED or been enrolled in college prior to the compilation of this report.

Annual Early Exit Rate = Early Exit count, divided by the October 1, 2012 enrollment plus Early Exits that left before October 1st.

Annual Dropout Rate = Dropouts divided by the October 1, 2012 enrollment plus students that dropped out before October 1st.

Cumulative Rates = $1 - (1 - \text{annual rate})^4$. This formula applies the annual rate to a progressively declining base population. The cumulative rate represents the percentage of current students who will early exit or drop out before reaching graduation if the annual rate does not change.
