Please submit in both Excel and PDF form to [ESSER@doe.nh.gov](mailto:ESSER@doe.nh.gov) by 2/23/2022.

The American Rescue Plan Elementary and Secondary School Emergency Relief ("ARP ESSER") Fund, authorized under the American Rescue Plan ("ARP") Act of 2021, provides New Hampshire over \$350 million to support schools in safely reopening and sustaining safe operations of schools while meeting the academic, social, emotional, and mental health needs of students resulting from the coronavirus disease 2019 ("COVID-19") pandemic.

This mandatory template is intended to collect all federally required information from an LEA in a convenient format and to assist LEAs in meeting the federal requirement that, an LEA shall publish an LEA ARP ESSER Plan, which is often called a "school district use of funds plan." See the Department of Education's most current guidance posted here: <https://omb.report/ocr/202201-1810-002/doc/117519100>.

#### IV. Supporting the Continuous and Safe Operation of In-Person Learning

- 1) The extent to which and how LEA ARP ESSER funds will be used to implement prevention and mitigation strategies that are, to the greatest extent practicable, consistent with the most recent CDC guidance on reopening schools, in order to continuously and safely open and operate schools for in-person learning:

*Note: Federal regulation on this plan requires such reporting, but does not require adoption of CDC safety recommendations. The NH DOE recognizes schools will implement localized safety measures based on the guidance provided by the CDC, NH Public Health, and local public health officials.*

***Description During SY 2021-2022:***

BVS used CARES funds and SPSRF funds for PPE. Esser 2 funds were used for Reading Intervention training, additional school nurse hours and additional Title I Teacher time. Esser 3 funds will be used for chromebooks, afterschool programming, new literacy materials for all students and pending approval, paving work for a safer bus loop.

V. Addressing the Academic Impact of Lost Instructional Time (At least 20 percent of an LEA's Allocation)

- 1) How the LEA will identify individual student learning loss, including among students most likely to have experienced the impact of lost instructional time on student learning, such as:
- a. Students who did not consistently participate in remote instruction when offered during school building closures;
  - b. Students who have missed the most in-person instruction during the 2019-2020 and 2020-2021 school years; and
  - c. Students most at-risk of dropping out of school.

**Description During SY 2021-2022:**

BVS has analyzed state and local assessments and have prioritized reading skills as the most significant area of learning loss. New reading interventions were identified and implemented as well as a new school-wide literacy program for K-6 classrooms. The school uses a tiered approach to instruction and intervention for students needing additional small group and 1:1 instruction to close gaps and bring up to grade level.

- 2) How the LEA will use the funds it reserves to address the academic impact of lost instructional time through:

**Description During SY 2021-2022:**

Afterschool and summer programming, improved classroom instruction and materials, evidence based reading intervention. Data analysis quarterly.

VI. Addressing Learner and Community Needs (Up to 80 percent of an LEA's Allocation)

During SY 2023-2024 (select one): **Yes - Description Required**

**Description of all SYs - 2021 to 2024:**

The district set a family engagement goal for the 21-22 school year to welcome families back into the school after covid restrictions were lifted. Many of the school traditions the community valued in the past were brought back, even if the event looked differently. For example, the winter concert was held outside with the school and community singing together while the tree was lit and beverages and snacks were served. In back to school events, families are introduced to the grade level curriculum and asked to partner with teachers to help reinforce an essential area of the curriculum, like multiplication tables in 3rd and 4th grade.

Please follow these steps once all tabs of your Districts Excel workbook are completed.

1) Go to File:

2) Select "Save as Adobe PDF":

3) Select "Entire Workbook" and "Fit to paper width." Locate the "IX. Budget and Data Reporting" tab from the list beneath "Sheets in PDF." Select "Remove." The reason is because this spreadsheet is so large, that the information will not easily transpose. The IX. Budget and Data Reporting tab will need to be printed manually from Excel and sent along with the rest of your materials. The X. Authorization tab will also need to be printed manually from Excel. The print range within the Excel workbook has been established for all tabs outlined.
