

School Building Aid - Descending Rank Order List
Approved by the State Board of Education on November 10, 2022

Rank	SAU	DISTRICT	School Name	Project Type	Brief Description	School Building Aid Rate	Estimated Project Cost	Maximum Building Aid Award	Funded Yes/ No
1	54	Rochester	Nancy Loud School, School Street School	New School - consolidation	A new Kindergarten - 5th grade elementary school on a new site to alleviate enrollment pressures on two existing elementary schools and to enable closure of two of those schools (Nancy Loud School-NL & School Street School-SS) due to building physical, security, safety and deficiencies. This project will eliminate five modular buildings.	60%	\$33,618,000	\$15,769,580	Y
2	7	Colebrook	Colebrook Academy & Elementary School	Addition/Renovation (Consolidation)	The project is a 28,300 sf addition and 10,000 sf renovation of the existing Elementary / Middle School to accommodate the High School population. The addition includes relocation of the main administration to a new secure entrance, a new Gymnasium, new education space, new and renovated CTE Labs, and renovation of the former administration area into classroom space.	60%	\$16,441,247	\$0	N
3	93	Monadnock	Emerson, Gilsun, Mt Caesar, Troy Elementary School	Addition/Renovations to Multiple Elementary Schools (Consolidation)	This project will close Cutler Elementary School and consolidate all Swanzey' s elementary students onto the Mt Caesar Elementary School Site. The other district schools, Emerson Elementary, Gilsun STEAM Academy and Troy Elementary will receive additions and renovations to bring them all up to current building and educational standards.	55%	\$35,247,000	\$19,385,850	Y
4	8	Concord	Rundlett Middle School	New School - replacement	The project is a new 900 student middle school to replace the existing Rundlett Middle School that was constructed in 1957 as a junior high school with additions in 1967 and 1990. Two sites have been analyzed and are under consideration, the existing Rundlett site which the District owns and a new site on Clinton Street which is being negotiated for potential purchase.	40%	\$176,243,428	\$0	N
5	27	Litchfield	Griffin Memorial School	New School - replacement	This project will be a new elementary school on a new site. The facility will be approximately 90,000 sq. ft. with approximately a 50,000 sq. foot footprint and 40,000 sq. ft. on a second floor.	30%	\$32,000,000	\$0	N
6	10	Derry Cooperative	South Range Elementary, Derry Village School	New School - consolidation	This project will replace two old and outdated schools that have a multitude of deficiencies with a new combined elementary school. It was studied that a new school would be a less expensive option and save the school district in yearly costs for operation & maintenance.	45%	\$74,970,567	\$0	N
7	39	Amherst	Clark Wilkins School, Amherst Middle School	Addition/Renovation (Consolidation)	A significant renovation/addition to the Wilkins School that will house grades preschool through grade 5, relocating grade 5 from AMS to the new combined Clark-Wilkins School on the Wilkins site, and obviating the need to use the Clark School. The Clark-Wilkins Project is almost a complete rebuild of the existing school on the existing site. Only the multi-purpose room and the kitchen area will be maintained when the new building is built.	30%	\$54,250,179	\$0	N
8	55	Hampstead	Hampstead Central School	Addition/Renovation	The project will add two new two-story structures to house administration and a nurse's office, library media space, four classrooms, two code-compliant staircase for egress. Certain existing spaces will be remodeled to create a classroom, and academic and special education support areas, 40 year old septic and leach fields will be relocated, and the building's water supply will be upgraded to support fire suppression.	30%	\$7,500,000	\$0	N
9	81	Hudson	Alvirne High School	Addition/Renovation	This project includes 4 parts: 1. Safety & security updates to match Homeland Security recommendations (included cafeteria spaces). 2. Safer site conditions for drop-off, pick-up, and parking. 3. New student auditorium and renovated music space for better accessibility. 4. Energy efficient mechanical upgrades to gym and locker room spaces.	30%	\$29,500,000	\$0	N
10	86	Barnstead	Barnstead Elementary School	Addition/Renovation	Barnstead Elementary School serves grades pre-K - 8 and lacks enough classrooms and unified arts classroom space to adequately meet the needs of its elementary school students or to provide an approved middle school program. The school would like to renovate most of its existing building and build an addition for unified arts programs, science labs and additional classroom spaces.	55%	\$23,363,200	\$12,849,760	Y

School Building Aid - Decending Rank Order List
Approved by the State Board of Education on November 10, 2022

Rank	SAU	DISTRICT	School Name	Project Type	Brief Description	School Building Aid Rate	Estimated Project Cost	Maximum Building Aid Award	Funded Yes/ No
11	48	Thornton	Thornton Central School	Addition/Renovation	The TCS building project is a renovation of existing building to upgrade fire alarm panel, sprinkler, generator, controls, HVAC (oil to propane), lighting, bathrooms, gym, data, security, parking, and bus drop off/pick up zones. The new addition will allow for special education spaces, cafeteria, kitchen, mechanical room moved from interior of the building to an outside wall, single occupancy bathrooms, art, tech/STEM, and music spaces.	40%	\$17,139,816	\$0	N
12	77	Monroe	Monroe Consolidated School	Addition/Renovation	The proposed project is for an addition of a secure entryway to control and limit access to students and staff to only those who have been vetted and have a need to enter the building. Renovate existing spaces within the building to correct services being held in inefficient/unsuitable rooms and to increase the privacy of services and administrative areas.	30%	\$2,203,085	\$0	N
13	65	Kearsarge Regional	Kearsarge Regional High School	Addition/Renovation	The project includes approximately 16,000 sf of building additions (one story) for a new tech ed, STEAM, culinary arts and administration programs/functions plus approximately 29,000 sf of interior reconfiguration renovation of the existing building for music, art, general classrooms, learning commons, locker rooms, administrative and support spaces plus infrastructure renovations for portions of the remaining school.	32%	\$24,505,623	\$0	N
14	41	Brookline	Richard Maghakian Memorial School	Addition/Renovation	Richard Maghakian Memorial School needs significant upgrades to their HVAC systems which are at the end of useful life. Based on enrollment projections the school will also need to add instructional classroom spaces to meet the projected growth outlined by the recent NESDEC study. The building project will include any updates required to meet current fire, security and building code regulations.	30%	\$12,001,000	\$0	N
15	41	Hollis Brookline	Hollis Brookline Middle School	Addition/Renovation	Hollis Brookline Middle School needs significant upgrades to their HVAC systems which are at the end of useful life. The middle school is also in need of additional educational space based on both enrollment projections as well as instructional goals related to STEM and robotics educational programming. The learning commons at the middle school is in need of reconfiguration to better meet the educational needs of our current and future students. Security issues will also be addressed.	30%	\$8,850,000	\$0	N
16	41	Hollis Brookline	Hollis Brookline High School	Addition/Renovation	Hollis Brookline High School needs significant upgrades to their HVAC systems which are at the end of useful life. The high school is also in need of additional educational space based on both enrollment projections as well as District instructional goals related to STEM and robotics educational programming. The high school cafeteria is undersized for the current population and will need to be expanded to address the anticipated increase in enrollment. Security issues will also be addressed.	30%	\$8,225,000	\$0	N
17	41	Brookline	Captain Samuel Douglass Academy	Addition/Renovation	Captain Samuel Douglass Academy needs upgrades to their HVAC and building control systems that are at their end of life. Based on enrollment projections, the school will also need instructional classroom spaces to meet the projections outlined in the NESDEC study. The building project will also include any required upgrades to meet current fire, security and building code regulations.	30%	\$8,254,000	\$0	N
