

Services for Individuals Who Are Deaf or Hard of Hearing

VR New Hampshire provides an array of supports to help people who are deaf, hard of hearing, or late-deafened earn, learn, and live life to the fullest. Central to these are *vocational rehabilitation (VR) services*.

About VR Services for Individuals Who Are Deaf or Hard of Hearing

Our VR services for individuals who are deaf, hard of hearing, or late-deafened, like those offered by VR New Hampshire to people with *all* types of disabilities, can transform your life by helping you prepare for, obtain, and retain meaningful employment. In addition, specific services are available to people who are deaf, hard of hearing, or late-deafened, including American Sign Language (ASL) users.

Depending on your needs, VR services may include:

**Career counseling
and guidance**

Job Training

**Resume preparation
and interview
practice**

Job Placement

Services for Individuals Who Are Deaf or Hard of Hearing

Helping people who are deaf or hard of hearing prepare for, obtain, and succeed in **meaningful careers.**

Onsite job coaching

Help obtaining job accommodations, including assistive communication devices

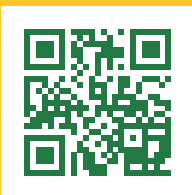

Workplace-based support for co-workers on how to communicate with people who are deaf, hard of hearing, or late-deafened, as well as general disability education and awareness training

VR New Hampshire can also help currently employed individuals who are losing hearing due to injury, illness, or aging learn about tools and strategies that can help them keep working.
