Exeter High School

Return to school
August 3, 2021
Opening Week of School

First day of school:

- Students will report directly to Advisory to receive their schedules and re-orient to school.
- School counselors developed introductory activities for teachers to implement on the first day of school that emphasize community building.

Tuesday through Thursday:

- LALs developed specific learning activities each day, (broken down by department) to accompany content specific lessons.
  - Note Taking, Accountability, Summative/Formative, EHS Resources, School Procedures, Canvas, Technology Tips, Executive Functioning, Naviance,
- Whole school activity to close out the week.
Addressing the Learning Gap

- Before the end of the school year, academic departments identified curriculum specific gaps that will be addressed in concurrent and subsequent courses.
  - An ongoing conversation to monitor progress in department and PLC meetings
  - Adjustments will be made based on student needs

- Multi-Tiered System of Support
  - Commons Model
  - Structured Study Hall with support for executive functioning and academic achievement
    - Academic Coach, executive functioning support and tutoring
  - Scheduled time to review data (grades and content specific skills) will allow us to intervene in a timely manner.

- Study Halls
  - Review of current structure of study halls to provide support
Addressing Social/Emotional Needs

Enhanced supports available to all students:

- Restructured School Social Work position to provide support for all students
- Expanded partnership with Seacoast Mental Health to provide additional in-school support to include:
  - Groups, responsive services, executive functioning, additional academic support.
- School counselors involved in creating community building activities for teachers to use in their classrooms.
Safety Measures

- Practicing social distancing as much as possible
- Hand sanitizer stations throughout the building
- Promoting proper hand washing
- Increased cleaning of surfaces. Cleaning products available to students
- Continued monitoring of ventilation and filtration systems
- Continued use of outdoor spaces for instruction.
