Re: Special Education Procedures Plan Resource Document - Updated

The Bureau of Student Support (Bureau) has updated the resource document template provided to districts for use in the development of the district Special Education Procedures pursuant to the requirements of Ed 1126.01 in the New Hampshire Standards for the Education of Children with Disabilities Effective March 24, 2017, Amended June 14, 2018, Amended August 9, 2018, Readopted with Amendment effective April 10, 2020 (Standards). The updates to the template are based on the changes made to the Standards since the template was first issued in 2017. The template is fillable; allowing districts to customize their specific procedures. It is being provided as an option for districts to format procedures but it is not required that districts use this template.
