RE: NHSEIS 2021-2022 Release Dates

The New Hampshire Department of Education (NHDOE), Bureau of Student Support is providing the 2021-2022 software release schedule. These scheduled releases allow the Bureau and Public Consulting Group (PCG), the software vendor NHSEIS, to continually maintain and improve NHSEIS performance for NHSEIS users.

Releases involve shutting down the NHSEIS System from Friday at 4:00 pm through the following Tuesday at 8:00 am to perform the needed programming and system updates. The NHSEIS system will be turned on earlier if the testing is complete, often by Monday morning.

The system outages involve coordination of staff from PCG, DOE Office of Information Technology (OIT) and the Bureau of Student Support. The schedule is established by PCG annually, with input from the Bureau and NHSEIS stakeholders.
