ALL APPLICANTS FOR NEW GRANT AWARDS MUST INCLUDE THE FOLLOWING INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.

Please respond to the following requests for information:

1. Describe how your entity's existing mission, policies, or commitments ensure equitable access to, and equitable participation in, the proposed project or activity.

The Bureau mission of improving educational outcomes for students with disabilities and our vision of promoting individual success for students with disabilities through equal access and support drive all of the work we do from providing support to districts around IDEA, to promoting evidence-based practices schoolwide to support all learners, as well as supporting new district directors. In making decisions around the use of our federal grant funds we determine how the activities or projects will help improve outcomes for students with disabilities.

2. Based on your proposed project or activity, what barriers may impede equitable access and participation of students, educators, or other beneficiaries?

Currently we have not identified any barriers however we are in the process of fine tuning the processes within the Bureau to ensure our work aligns with IDEA and all state rules and laws.

3. Based on the barriers identified, what steps will you take to address such barriers to equitable access and participation in the proposed project or activity?

As we work on improving our process if we come across barriers we will ensure we have researched all aspects of the barrier and received input from involved parties and potentially stakeholders to determine a course of action to address the barrier.

4. What is your timeline, including targeted milestones, for addressing these identified barriers?

When encountering barriers we will develop timelines and targeted milestones to address the barriers in a timely manner.

Notes:

1. Applicants are not required to have mission statements or policies that align with equity in order to submit an application.
2. Applicants may identify any barriers that may impede equitable access and participation in the proposed project or activity, including, but not limited to, barriers based on economic disadvantage, gender, race, ethnicity, color, national origin, disability, age, language, migrant
