

Data Fact Sheet

Individuals with Disabilities Education Act (IDEA) Part B Indicator 13: Secondary Transition

Percent of youth with IEPs aged 16 and above with measurable, annually updated IEP goals & appropriate transition assessment, services, and courses.

Federal Calculation:

Number of youth with IEPs aged 16 and above with an IEP that includes:

- Appropriate measurable postsecondary goals that are annually updated and based upon an age appropriate transition assessment,
- Transition services,
- Courses of study, that will reasonably enable the student to meet those postsecondary goals, and
- Annual IEP goals related to the student's transition services needs.
- Evidence that the student was invited to the IEP Team meeting where transition services are to be discussed and
- Evidence that, if appropriate, a representative of any participating agency that is likely to be responsible for providing or paying for transition services, including, if appropriate, pre-employment transition services, was invited to the IEP Team meeting with the prior consent of the parent or student who has reached the age of majority)

Divided by the number of youth with an IEP age 16 and above

NH Data System:

This data is captured as entered by the district in the student's IEP and through district provided supporting documentation.

This data is reported through the Bureau's Indicator 13 monitoring process which consists of a desk audit of the IEP and supporting documentation.

District of Liability Review of Data:

Districts review secondary transition on an ongoing basis through the year. Districts conduct the final review of secondary transition September 1st through 30th for the previous academic year.

Reporting Requirements:

The Bureau uses the Indicator 13 calculation from the monitoring process, per federal and state regulations, for:

- Reporting Indicator 13 data to the Office of Special Education Programs (OSEP),
- LEA Determinations, and
- iReports, the NHED School and District Report Card for publicly available data

Additional Information:

District level data is collected by sending district (district of liability) as assigned in NHSEIS.
