School Mission:	Arts Academy of New Hampshire is a chartered public high school that nurtures creative thinkers, active citizens, and independent learners with a curriculum that integrates the arts and academics. Our school is dedicated to the arts, and it appeals to a broad cross-section of students who look to discover the joy and transformational power of the arts and are interested in pursuing the arts in a professional setting. Our academic courses instill a sincere lifelong desire to learn.
Purpose:	Arts Academy of New Hampshire endeavors to meet student's individual educational needs by making personalized learning a priority. Personalized learning is achieved by tailoring classroom instruction to students' individual needs.
Summary:	Each student gets a personalized learning plan based on their unique abilities and interests. One of the best ways to approach personalized learning is through STEM education. This form of education goes beyond traditional STEM education and makes science and technology accessible to more types of learners by incorporating arts and humanities into the curriculum. As an arts-based charter high school, our faculty collaborate on a weekly basis to design a curriculum that is integrated with the arts to cater to students from a wide range of backgrounds and with different interests.
