

Lexile® & Quantile® Hub Introductory Videos

We are pleased to share the recordings below of introductory information for the Lexile® & Quantile® Hub, the Lexile® Framework for Reading, the Quantile® Framework for Mathematics. These short recordings are designed to provide some foundational information about the one-stop-shop for Lexile and Quantile tools as well as information about what the Frameworks are and how they might be used by educators and families to impact student learning. Please feel free to share these recordings with others.

Additionally, staff at MetaMetrics--creators of these two Frameworks--are making themselves available for questions and answers during their Office Hours. More information about connecting with them via Zoom is below. Or, feel free to email Matt Copeland <mcopeland@lexile.com> and Jane Scott <jscott@lexile.com> to make arrangements for a one-on-one conversation.
