The Mascoma Reopening Task Force has been charged with creating a reopening plan for submission to the NH Department of Education by June 8, 2021.

For the 2021-2022 School Year, Mascoma Valley Regional School District will operate in-person learning. Individual concerns will be addressed at the building level.

The Mascoma Model will be implemented with care and will comply with NH Division of Public Health Service guidelines for COVID-19 Safe Schools.

- Communication: The established COVID-19 team will continue to assess any threat to the district from COVID-19 and participate in making school closure decisions. They will regularly and consistently communicate with teachers, families, and community members.
- Transportation: The district will work with Butler's Bus Company to continue with the successful plan that was in use during the 2020-2021 school year. This includes adequate ventilation, mask wearing and comprehensive, regular sanitization of buses.
- Facilities: The Mascoma Facilities' Director has a sanitizing plan for classrooms, hallways, bathrooms, common areas and frequently touched surfaces. Indoor air quality in all buildings was assessed and improvements were made. The air handling system will be upgraded using the Federal ESSER funds.
- Classrooms: Social Distancing guidelines are being followed and desks will be a minimum of 3 feet apart. Seating will be assigned to aid with contact tracing. Masks or face shields will be available for students and adults in classrooms. Outdoor learning will be utilized whenever possible.
- Common Areas: There is limited visitor access. Bathroom usage is closely monitored.
- Family Role: Monitor child(ren) for signs of illness. Take temperatures at home and do not send your child to school if his/her temperature exceeds the district guidelines. Please support the school by reinforcing hand washing/sanitizing, and mask use.

<b>OPERATIONS</b>	
<b>Factor</b>	<b>In Person School</b>
<b>COVID-19 Management</b>	
<b><u>District Leadership Team</u></b>	District level team established to regularly update the COVID-19 plan with new information to ensure safety for all staff and students.
<b><u>Superintendent</u></b>	<ul style="list-style-type: none"> <li>• Monitors CDC and NH HHS guidance on COVID-19</li> <li>• Coordinates district level response</li> <li>• Serves as liaison with FEMA and Public Health Dept.</li> </ul>
<b><u>COVID-19 Coordinators</u></b>	<p>The School Nurse in each building acts as the COVID-19 Coordinator:</p> <ul style="list-style-type: none"> <li>• Tracking student and staff attendance</li> <li>• Reporting suspected or confirmed COVID-19 cases to the Superintendent</li> <li>• Ensuring that appropriate information is shared with staff</li> <li>• Other duties as assigned by the principal or superintendent</li> </ul>
<b><u>Personal Protective Equipment</u></b>	<p>Masks will be required for students and staffed based on CDC guidelines, NH Department of Health and Human Services guidelines, and Mascoma Valley Regional School District Policy.</p> <ul style="list-style-type: none"> <li>• Matrix based on community transmission and vaccination status</li> <li>• Prek-6 masks required</li> <li>• 7-12 masks per CDC and NHDHHS guidance (see matrix)</li> </ul> <p>Disposable masks for anyone without a mask (aged 3+) and gloves for staff will be available.</p>
<b><u>Mitigation Strategies</u></b>	<p>Students and Staff will continue to use established procedures for:</p> <ul style="list-style-type: none"> <li>• Hand hygiene with soap and water or hand sanitizer</li> <li>• Singing and use of wind instruments requires excellent ventilation and specialized equipment, such as bell covers and absorbing pads for spit valves</li> <li>• Proper wearing of masks as per CDC guidelines in schools, with special care to mask ALL competitors for indoor sports, on the sidelines of outdoor sports, and transportation to competition.</li> <li>• Keeping hands away from face</li> <li>• Respiratory etiquette (covering coughs and sneezes, disposing of tissues, hand washing after use of tissue)</li> <li>• Social Distancing</li> </ul>
<b><u>Daily Screening (Staff and Students)</u></b>	<p>The established <u>Screening Process</u> for students, staff, and visitors:</p> <ul style="list-style-type: none"> <li>• Students will be screened for symptoms by parents</li> <li>• Visitors will be screened at the building foyer for symptoms</li> </ul>

	<ul style="list-style-type: none"> <li>• Symptomatic students will be isolated until a parent arrives to get the child.</li> <li>• Symptomatic adults will immediately leave the building.</li> <li>• Persons with suspected or confirmed cases of COVID-19 must remain in self isolation until they meet the NH Dept. of Public Health criteria for discontinuation of isolation.</li> </ul>
<b><u>COVID-19 Symptoms</u></b>	<p>The following symptoms may indicate that COVID-19 has been contracted. Persons may be asymptomatic for the 2-14 day COVID-19 incubation period.</p> <ul style="list-style-type: none"> <li>• Fever or chills</li> <li>• Cough</li> <li>• Shortness of breath or difficulty breathing</li> <li>• Fatigue</li> <li>• Muscle or body aches</li> <li>• Headache</li> <li>• New loss of taste or smell</li> <li>• Sore throat</li> <li>• Congestion or runny nose</li> <li>• Nausea or vomiting</li> <li>• Diarrhea</li> </ul>
<b><u>Multi-system Inflammatory Syndrome in Children (MIS-C)</u></b>	<ul style="list-style-type: none"> <li>• Trouble breathing</li> <li>• Pain or pressure in the chest that does not go away</li> <li>• New confusion</li> <li>• Inability to wake up or stay awake</li> <li>• Bluish lips or face</li> <li>• Severe abdominal pain</li> </ul>
<b><u>Student/Staff Absenteeism</u></b>	<p>Track reasons why students/staff are absent.</p> <p>Follow DHHS and Primex for recommendations for staff attendance.</p> <p>Follow SAU 62 policy JE-R for tracking student attendance.</p>
<b><u>Requirements for Reporting Absence</u></b>	<p>Staff will need to communicate with the Human Resources Office via Frontline- all absences will be reported as COVID-19 related or not COVID related.</p> <p>Students/parents will communicate with attendance secretary or teacher</p>
<b><u>Cleaning Protocols in the Event of a Confirmed Case of COVID-19</u></b>	<ul style="list-style-type: none"> <li>• Clean and disinfect all areas used by the individual, including office, hallways, and any common areas</li> <li>• Notify the transportation provider that an individual they transport has been confirmed to have COVID-19</li> <li>• Open windows to increase air circulation-or in case of inclement weather, install air purifier in room</li> </ul>

<b><u>Students, staff and families who are at high risk</u></b>	SAU 62 will follow NH Department of Health and Human Services guidelines around high risk notification.  Alert high risk individuals if there is or has been a potential for exposure
<b><u>Ability to isolate individuals with symptoms or exposure history</u></b>	Create an isolation area so as to be able to isolate students/individuals who present with symptoms in school or who have been identified as having been exposed.  Parent/guardian must pick up the child.  Limit the number of students in the nurse's office at any one time. Teachers must call ahead for permission before sending a student to the nurse.
<b><u>Sanitizer Stations/ Handwashing Routines</u></b>	Place a mounted hand sanitizer station in the front lobby.  Hand Sanitizer stations will be placed throughout the buildings  Hand Sanitizer will be available in all classrooms.  Hand Soap will also be available in classrooms with sinks.  Sanitizing cleaner and cloths or sanitizing wipes will be provided to all classrooms.  Reinforce proper hand washing technique and timing: <ul style="list-style-type: none"> <li>• Upon arrival</li> <li>• Before and after meals or snacks</li> <li>• Upon coming in from recess</li> <li>• Before and after using the bathroom</li> <li>• Before and after taking medication</li> <li>• After handling any clean-up or trash</li> <li>• After using a tissue</li> <li>• Prior to leaving for home.</li> </ul>
<b>COVID-19 Cleaning</b>	
<b><u>General Cleaning</u></b>	<ul style="list-style-type: none"> <li>• Follow the CDC guidance on cleaning and disinfecting schools</li> <li>• Use an EPA approved disinfectant in the proper concentration</li> <li>• Maintain the required wet contact time</li> <li>• Use alcohol wipes for keyboards and electronics</li> <li>• MVRSD is required to have the proper cleaning supplies available</li> <li>• Grab bars and railings outside the building and on playground equipment should also be cleaned regularly</li> </ul>
<b><u>Schedules</u></b>	The Facilities Director has developed a cleaning, sanitizing and disinfection plan for surfaces and objects that are frequently touched (doorknobs, light switches, cubbies, countertops, chairs, desks, etc.)  Hydrostatic Backpack cleaning will be performed at the end of each day- and between periods at MVRHS when feasible.

<b><u>Bathroom – sink &amp; urinal partitions</u></b>	<p>Routinely deep clean sinks and toilets.</p> <p>Limited number of students in restrooms. (No one waiting for a stall or urinal).</p>
<b><u>Water Fountains</u></b>	<p>Bottle refilling stations and water fountains will be operational.</p> <p>Clean and sanitize frequently</p>
<b><u>Air Quality</u></b>	<p>MVRHS and IRS have air exchange systems. Those have been reconditioned and have new filters installed.</p> <p>EVS and CES have no exchange systems. The district purchased portable air exchange units for those buildings. Units are placed strategically throughout the buildings.</p> <p>ESSER funds will be used to upgrade or install ventilation systems in all four schools. Engineers will design the systems specifically for respective schools.</p> <p>Continue to open windows whenever possible to assist in air exchange.</p> <p><b>FANS ARE ONLY ALLOWED TO DIRECTLY EXHAUST AIR THROUGH OPEN WINDOWS!</b></p> <p>Do not use fans in the typical manner- as they spread cool air around a room, they can also transmit COVID-19 from an infected person.</p>
<b>COVID-19 Communication</b>	
<b><u>Efficiency</u></b>	<p>The Superintendent and COVID-19 Coordinators will ensure that:</p> <ul style="list-style-type: none"> <li>• Information is accurate and timely</li> <li>• The spread of inaccurate information is minimized or eliminated</li> </ul>
<b><u>Effectiveness</u></b>	<p>Information will be shared with the community via: the MVRSD website, social media, Alert Now (or similar site), regular newsletters, and the general media.</p>
<b><u>Suspected COVID-19 Case in a School</u></b>	<ul style="list-style-type: none"> <li>• If a person is suspected or confirmed to have COVID-19, the Superintendent will be notified by the building principal or COVID-19 Coordinator.</li> <li>• Superintendent or designee calls (603) 271-4496 or (603)271-5300 to report the case to the public health nurse.</li> <li>• Quarantine guides per DHHS and CDC updates will be followed</li> </ul> <p>NH Public Health will work with the school to complete contact tracing and to communicate with families.</p>

<b>Transportation</b>	
<b><u>Sanitizing</u></b>	Butler Bus will follow the guidelines used for cleaning and disinfecting transportation carriers of children
<b><u>Regulations for Riding Buses</u></b>	Students will have assigned seats Masks will be required according to CDC guidelines, NH Department of Health and Human Services Guidelines, and MVRSD School Board policy. Windows will be open as long as weather permits. Social distancing will be encouraged at all bus stops.
<b><u>How many students on a bus</u></b>	Students should be spaced as widely as possible.
<b>Cafeteria</b>	
<b><u>Building specific plans</u></b>	<p><b>At CES, EVS and IRS:</b> Packaged meals for student breakfast and lunch will be prepared and delivered to classrooms. Meals will be put on labeled carts and placed in hallways outside of classrooms.</p> <p>At <u>Indian River</u>, breakfast will be provided for students prior to first period. Students will make lunch selections during homeroom.</p> <p><b>At MVRHS:</b> In the cafeteria, students will eat breakfast and lunch at tables with plexi-glass partitions. At lunch, students will have the option of eating outside, weather permitting.</p>
<b>Building Logistics</b>	
<b><u>Classroom Configuration</u></b>	<ul style="list-style-type: none"> <li>• Minimize close contact. Allow a distance of 3 feet between students desks</li> <li>• Assigned seating is required to aid in contact tracing</li> <li>• Class cohorts should remain together and at the elementary schools, grade levels can be a cohort outdoors and for small social distanced service groups.</li> <li>• Try to allow for 2 small group instructional spaces (special educator, para, tiered reading specialist, Title I) will need a spot for push-in instruction</li> <li>• Plexi-glass partitions will be available for instructional tables</li> <li>• The expectation is that all students assigned to a class will be present, even if this necessitates the removal of some classroom furniture to an empty area of the building</li> </ul>
<b><u>Outdoor Classrooms and Movement Breaks</u></b>	<p>Outdoor classrooms at all buildings will be available for sign-up.</p> <p>Outdoor movement breaks and outside lunches should be considered when feasible.</p>

<b><u>Switching Classes</u></b> <b><u>(Including all grades PK-12 and UA classes)</u></b>	<p><u>Elementary Students:</u> Consider staggering recess so only one group is in the hall at any one time</p> <p><u>IRS and MVRHS Students:</u> Minimize time at lockers or stagger locker usage</p>
<b><u>Bathroom Breaks</u></b>	<ul style="list-style-type: none"> <li>• Individual sinks and/or toilets may be closed to ensure adequate physical distancing.</li> <li>• Bathrooms will be cleaned frequently (at the direction of the Facilities Director).</li> <li>• Teachers and paras use assigned faculty bathrooms that will be cleaned frequently</li> <li>• Handwashing signs will be posted in each bathroom</li> </ul>
<b><u>Behavior Support Rooms</u></b>	<p>Staff will attempt to de-escalate behavior in the regular education classroom or with walks inside or outside of the building.</p> <p>If a student requires time in the behavior room, all CDC, NH Department of Health and Human Services regulations, and MVRSB policies will be in place.</p> <p>Classroom teachers may send work to be completed in the behavior room or at home.</p> <p>Check in/check out will be conducted in-person in the behavior room with masks and social distancing.</p>
<b><u>Special Ed, Title I, Related Services and Tiered Service Delivery</u></b>	<p>All services must be provided with all CDC, NH Department of Health and Human Services regulations, and MVRSB policies will be in place.</p>
<b><u>Playground</u></b>	<p>All recess activities will maintain social distance.</p> <p>Each building will be responsible for developing safe protocols for recess</p>
<b><u>Non-essential Activities</u></b>	<p>External organizations/speakers in schools will follow all CDC, NH Department of Health and Human Services regulations, and MVRSB policies.</p> <p>Parent teacher conferences may be virtual or follow all CDC, NH Department of Health and Human Services regulations, and MVRSB policies</p>
<b><u>Visitors</u></b>	<ul style="list-style-type: none"> <li>• Limit number of visitors</li> <li>• All CDC, NH Department of Health and Human Services regulations, and MVRSB policies will be in place.</li> </ul>

	<ul style="list-style-type: none"> <li>• Temp check will be performed prior to entering the building</li> <li>• If visitors are planning to attend a parent meeting (IEP/504/ etc.), they will be met by a Team Member and escorted to the conference room. At the end of the meeting, visitors will be escorted back to the office.</li> <li>• Hand sanitizer will be available for visitors</li> </ul>
<b><u>Staff Breaks and Lunch</u></b>	There will be designated lunch, break spots, and bathrooms for staff. Staff will follow social distance protocols and wear masks when not eating.
<b><u>Use of Facilities by Outside Agencies</u></b>	At the discretion of the Superintendent
<b>Emergency Operations</b>	
<b><u>Fire Drills</u></b>	All schools will follow pre-COVID-19 drill protocols as much as possible. Students are 3' apart in lines; plan exits so lines follow each other, no doubling up in halls.
<b><u>Lockdown Drills</u></b>	<p>Students can sit on the floor along a wall away from windows and door, and depending upon room configuration, will remain 3 ft. apart.</p> <p>Room configuration dependent.</p>

<b>Technology</b>	
<b>Factor</b>	<b>In Person School or Remote Emergency</b>
<b><u>Technology Support</u></b>	With the support of the Technology Department, teachers and media specialists will continue to survey and support student technology and connectivity needs.
<b><u>Google Classroom</u></b>	<p>All licensed professional educators in the district will have and maintain a Google Classroom</p> <p>K-4: Students will be expected to navigate a single Google Classroom, shared between several teachers</p> <p>5-12: Students will be expected to navigate between different Google Classrooms, one for each teacher</p> <p>Special Educators will be co-teachers with any regular classroom teachers for shared students.</p> <p>Special Educators may also need to maintain a Google Classroom for each individual or small group of pull-out students- accessed only by the student or students involved in the group.</p> <p>Unified Arts Teachers will maintain their own classroom in grades 5-12 and will be added as a co-teacher in Pre-K to 4 regular education classrooms. Professional Development		
Professional Development	PD will be delivered according to the Mascoma Valley Regional School District Masterplan- approved in June of 2019.	
3 year plan	PD credits will be tracked according to the Mascoma Valley Regional School District Masterplan approved in June of 2019 using the Frontline PD module for submission.	

<p><i>Providing PD for Staff</i></p>	<p>All staff members were surveyed in February of 2021. The three most pressing needs were found to be: Using Technology to Teach, Social/Emotional Learning Needs (Trauma Informed Schools) and Instructional Strategies to Differentiate and to re-assimilate students from Remote Academy academically, socially and emotionally to in-person instruction.</p> <p>When MVRSD opens in the Fall of 2021, Professional Development may be provided in the above areas.</p> <p>-----</p> <p>All opportunities from the previous section will be available as well as the conferences and observations staff has taken advantage of in previous years</p> <p>MVRSD will use a combination of live presentations, video conferencing or pre-recorded videos to provide all of the content listed above.</p>
<p><b>Remote Emergency</b></p>	
	<p><b>MVRSD Guidance on Whole School Remote Learning (<u>If required</u> at any point during the 21-22 school year)</b></p> <p>In the event of a need for any building, grade-level or classroom in the MVRSD to go remote, our team at MVRSD will continue to review state and federal guidance on the issue of remote learning, and combine this information with what we've experienced and learned with you over the past year and a half. All of this information has resulted in the following guidelines for remote learning at MVRSD. More than anything, we recognize that each family may have different needs, and we'll do whatever we can to be flexible and adaptive to those needs. We're in this together; we're a team of great, collaborative problem solvers and we're committed to working with you the whole way through.</p> <p><b>Purpose of Remote Learning:</b>  <b><i>In the event of the need for MVRSD to go remote,</i></b> our main purpose is "continuity of learning." While this may at first seem to be addressing academics, it's so much more than that. By continuing with remote learning, we provide stability, comfort, and routine for our students, which is one of the best ways we can also keep our children socially and emotionally healthy during otherwise unsettling times. Contact with their teachers and peers; learning new content when possible; keeping up a good reading routine; and of course throwing in some "remote school fun" all combine to help our children spend this time in all of the healthiest ways.</p> <p><b>In the event of remote learning goals would be:</b></p> <ol style="list-style-type: none"> <li>1. Our primary goal is your child's social and emotional well being; this is a unique and uncharted experience for all of us, and we're here to provide an environment and program that will get everyone to the other</li> </ol>

	<p>side of this in good health. We've designed our program so there's time to check in on all our students every day.</p> <ol style="list-style-type: none"> <li>2. Our teachers, specialists, and paraeducators will provide instruction and remediation by targeting the most essential skills and competencies. Academic expectations will need to be adjusted, as they will for all children around the world, and we'll focus on the most critical elements of their education that will allow them to get back on track when school reopens.</li> <li>3. At a time when we're all using technology more, we will emphasize the need for daily physical activity--outside when possible. Physical health will keep everyone strong in all other ways.</li> </ol> <p><b>In the event of remote learning some specific guidance around MVRSD programming:</b></p> <p>We expect that school will take approximately 15-20 hours total per week. This is a <u>range</u>, and we recognize that some students will take more and less time as needed.</p> <p>Teachers and case managers will have times available for contact, such as "office hours," where they will be available to families and students with questions. Of course, regular contact via email and phone calls will continue as they usually would.</p> <p><b>In the event of remote learning recommendations for screen time:</b></p> <p>In any education setting, it is important to be mindful of the amount of screen time students experience, the concern being too much screen time. Generally, younger students should experience less screen time and older students can tolerate higher amounts. In addition, not all screen time is equivalent. Active screen time, which occurs when a student is actively engaged with a device, can be tolerated more than passive screen time, which occurs when a student is passively receiving information through a device. Teachers will continue to address healthy schedules by balancing purposeful screen time with other, non-screen activities:</p> <ul style="list-style-type: none"> <li>• Examples of online instructional screen time at MVRSD will include Google Meets, YouTube instructional videos, online reading, quizzes, games, and activities in a variety of platforms assigned by your child's teacher.</li> <li>• Examples of other, non-screen activities will include outside time and physical activities, imaginative play, arts, music and movement, reading, writing, math work, and games.</li> </ul>
--	---

	<p><b>In the event of remote learning what we need from you:</b></p> <p>As we all know this is a partnership among educators, parents/guardians and students. We ask that you:</p> <ol style="list-style-type: none"> <li>1. continue open communication with us so we can address concerns early on;</li> <li>2. reinforce with your child(ren) that school is still in session, even though it may look and feel different;</li> <li>3. provide encouragement to keep learning but allow flexibility when you see too much struggle;</li> <li>4. remind everyone to do their best, (and to turn work in!); and</li> <li>5. reinforce digital citizenship and the usual great behavior expected of all Hawks!</li> <li>6. students should have a dedicated workspace, and be dressed and ready to learn.</li> <li>7. their space to be free of distractions whenever possible.</li> </ol>
<b>Miscellaneous Items</b>	
<b><u>Additional Items</u></b>	<ul style="list-style-type: none"> <li>• <i>A stand-alone <u>Remote Academy</u> will not be offered. Parents may also decide to home school students or utilize the VLACS program.</i></li> <li>• <i>Extended Year Programming and District Summer School will follow all provisions in this plan and will be in-person.</i></li> <li>• <i>Vaccinations for staff and students are encouraged.</i></li> <li>• <i>Substitutes for the 2021-2022 school year will be contacted using the Frontline Program.</i></li> <li>• <i>Due to the nature of the pandemic, this plan will be modified as needed.</i></li> </ul>

## **Appendix B:** **CDC School Screening Recommendations for Students**

### Daily Home Screening for Students

Parents: Do not send your child to school if he/she has any of the following symptoms:

Temperature 100.4 degrees Fahrenheit or higher when taken by mouth

Sore throat

New uncontrolled cough that causes difficulty breathing (for students with chronic allergic/asthmatic cough, a change in their cough from baseline

Diarrhea, vomiting, or abdominal pain

New onset of severe headache, especially with a fever

If your child has any of the above symptoms, it indicates a possible illness that may decrease the student's ability to learn and also put them at risk for spreading illness to others.

Also, do not send your child to school if he/she has had a close contact or potential exposure to someone with active COVID-19.

Had close contact (within 3 feet of an infected person for at least 10 minutes)

Traveled to or lived in an area where the local, or state health department is reporting large numbers of COVID-19 cases

## **Appendix C:**

### **CDC K-12 Operating Procedures Indicators of Community Transmission** (May 15, 2021)

“County-level data on total new cases in the past 7 days and test percent positivity are available on the County View tab in [CDC’s COVID Data Tracker](#). This data is used in conjunction with a Phased Prevention approach and local school data when deciding on school closure.

#### **Phased Prevention**

A phased prevention approach for K–12 schools relies on several core concepts.

- K–12 schools should be the last settings to close after all other prevention measures in the community have been employed, and the first to reopen when they can do so safely.
- In-person instruction should be prioritized over extracurricular activities, including sports and school events, to minimize risk of transmission in schools and protect in-person learning.
- Lower susceptibility and incidence among younger children compared to teenagers suggests that younger students are likely to have less risk of in-school transmission due to in-person learning than older students.
- Families of [students who are at increased risk of severe illness](#) (or special healthcare needs) or who live with people at high risk should be given the option of virtual instruction.
- Schools are encouraged to use cohorts to facilitate testing and contact tracing, and to minimize transmission across cohorts.

To make decisions about preventive actions, school and health officials should take the following information into account:

- The numbers of COVID-19 cases among students, teachers, and staff, and number of people in quarantine
- Strict compliance with prevention strategies
- Levels of community transmission

Table 2 presents a school operational plan for opening and remaining open that emphasizes layering prevention.

#### **Prevention Strategies: All Schools**

**All schools implement 5 key prevention strategies:**

- Universal and correct use of masks required
- Physical distancing
- Handwashing and respiratory etiquette

- Cleaning and maintaining healthy facilities
- Isolation and quarantine
