

LEA ARP ESSER Plan: "A Plan for the LEA's Use of ARP ESSER Funds"

Please submit in both Excel and PDF form to ESSER@doe.nh.gov by 1/13/2023.

The American Rescue Plan Elementary and Secondary School Emergency Relief ("ARP ESSER") Fund, authorized under the American Rescue Plan ("ARP") Act of 2021, provides New Hampshire over \$350 million to support schools in safely reopening and sustaining safe operations of schools while meeting the academic, social, emotional, and mental health needs of students resulting from the coronavirus disease 2019 ("COVID-19") pandemic.

This mandatory template is intended to collect all federally required information from an LEA in a convenient format and to assist LEAs in meeting the federal requirement that, requirement that, an LEA shall publish an LEA ARP ESSER Plan, which is often called a "school district use of funds plan." See the Department of Education's most current guidance posted here: <https://omb.report/icer/202201-1810-002/doc/117519100>.

For further context, please reference ARPA (<https://www.congress.gov/bill/117th-congress/house-bill/1319/text>) or the Interim Final Requirements of ARP ESSER in which the U.S. Department of Education established these requirements (<https://www.govinfo.gov/content/pkg/FR-2021-04-22/pdf/2021-08359.pdf>).

III. Stakeholder Engagement

Best Practices in Implementing ARP ESSER LEA Use of Funds Plan

- 1) How the LEA provided the public the opportunity to provide input in the development of the LEA's plan for the use of ARP ESSER funds:

Yes - Description Required

Description:

Please note that the New Boston School District is comprised of a single elementary school, grades pre-K through 6. Grades 7-12 are tuition students that attend Mountain View Middle School and Goffstown High School. In terms of providing input, the LEA has and will continue to use multiple means to solicit input including online surveys to parents/guardians, posted feedback opportunity on the District webpage for the community, feedback from public comment at School Board Meetings, and presentations to community groups such as the town's finance committee, capital improvement committee, and the

- 2) How the LEA took public input into account regarding the development of the LEA's plan for the use of ARP ESSER funds (please choose one):

Yes - Description Required

Description:

In terms of how stakeholder input was taken into account, the LEA focused on student academic needs and the ability to use ARP ESSER funds to address capital projects based on the effects of COVID-19. More specifically, feedback from teachers, parents, administration and board members focused on addressing learning deficits as a consequence of COVID-19 and the remediation necessary to support students. This resulted in the implementation of a Dean of Remediation in Goffstown who will serve as an administrative liaison between parents, students, and teachers to coordinate additional academic and social emotional support. The New Boston School District has only one elementary school, so feedback from students at that age is somewhat challenging. New Boston tuitions their students to Goffstown High School and Mountain View Middle School. Students at the high school and middle school expressed the need for greater tutoring opportunities and this is being addressed in our plan, as well as in the plan for the Goffstown School District.

- 3) How the LEA engaged in meaningful consultation with specific stakeholders, including, but not limited to:
a. Students (please choose one):

Somewhat - Description Required

1) Description:

The LEA has engaged with meaningful discussion about the use of ESSER III funds with the New Boston School Board. A student representative of Goffstown High School is a representative of the Board, and in turn, elicits and shares information with the GHS student council about this topic, as well as others of student interest. This particular student is a New Boston resident. In addition, feedback from students was represented through direct and

Tutoring will allow these students who need supplemental learning the opportunity for extra teacher support. The LEA plans on updating its K-6 math curriculum using EDEE II funds. As a result of the pandemic, students not scores on mathematics showed a higher degree of learning loss than other core content areas. As a result, the LEA will focus on the mathematics curriculum to address these deficiencies.	319,192.26	148,998.56
