

## SUICIDE PREVENTION AND RESPONSE

*Category: Priority/Required by Law*

### ADOPTION NOTES –

***This text box, and all highlights within the policy should be removed prior to adoption.***

- (a) *This sample policy is required with the 2019 passage of SB 282 (codified as RSA 193-J). Although the new law is not effective until July 1, 2020, there are many provisions which may have budgetary and planning impacts. It is important, therefore, for Districts to carefully review the staffing and programming implications for FY 2021.*
- (b) *The annual training required under section C below, is required under the statute. The first training must occur by March 31, 2021.*
- (c) *This sample policy contemplates the development of a separate District Suicide Prevention Plan, with components as outlined in Section A of the policy. NHSBA recommends that districts use as a template or guide the sample “policy” available through the American Foundation for Suicide Prevention. The coding should connect to the board policy (e.g., JLDBB & JLDBB-R). This sample policy JLDBB was structured to mesh the key elements of RSA 193-J with the AFSP model “policy”. As of October 2019 the AFSP guide and policy can be found at:*
- <https://afsp.org/our-work/education/model-school-policy-suicide-prevention/>
- (d) *This sample policy is structured to apply to districts with more than one school. For single school districts, the duties/positions of District Suicide Prevention Coordinator and School Suicide Prevention Points of Contact (policy sections B.1 & B.2, below) may/should be merged, with additional changes as needed for internal continuity.*
- (e) **[\*\*]** *indicates a reference to another NHSBA sample policy. A district should check its own current policies and codes to assure internal consistency.*
- (f) *General – As with all sample policies, NHSBA recommends that each district carefully review this sample prior to adoption to assure suitability with the district’s own specific circumstances, internal coding system, current policies, and organizational structures. Highlighted language or blank, underscored spaces indicate areas which Boards must change/complete to reflect local personnel titles, policy references, duty assignments etc.*

The School Board is committed to protecting the health, safety and welfare of its students and school community. **When adopting this sample or variation of the same, a district should not include the NHSBA history or NHSBA policy notes appearing below. The district should, to the extent possible, include its own adoption/revision history, as well as the legal references and disclaimer as indicated above.**

**NHSBA history:** New policy, November 2019.

**NHSBA note, November 2019** This sample policy is in response to 2019 N.H. Laws Ch. 315 (SB 282), codified as RSA 193-J, which, among other things, requires that “each school district ... shall develop a policy that guides the development and implementation of a coordinated plan to prevent, assess the risk of, intervene in, and respond to suicide.” The statute then includes several required and discretionary policy components. As with other instances of recent legislation (e.g., 2018’s HB1612 & 2019’s SB 263), SB 282 contemplates Board development of a policy to direct the development of the plan, not the plan itself. This sample policy is intended to assist that process by coordinating the requirements of the statute with the framework with some of the model “policies” created by various suicide prevention/crisis intervention organizations such as the American Foundation for Suicide Prevention.
