

Notice to be released:

The NH Department of Education is seeking a waiver from the United States Department of Agriculture, Food and Nutrition Services. The purpose of this waiver is to support FFVP communities in providing fresh fruits and vegetables to children in areas experiencing school closures in response to COVID-19. The waiver would allow for alternate site pick up of fresh FFVP produce that would limit participants' interaction and proximity to other participants and therefore decrease the risk of COVID-19 exposure.
