

The Office of Nutrition Programs and Services (ONPS)

The ONPS provides educational leadership, program technical assistance, federal and state funding and general services that promote and fund health, nutritional daily needs of children and adults and nutrition education for all program participants through the administration of USDA Child Nutrition Services in New Hampshire schools, institutes and summer programs.

National School Lunch Program (NSLP)

The purpose of the National School Lunch Program is to safeguard the health and well-being of the Nation's children, as declared in 1946 by Congress in the National School Lunch Act. The School Lunch Program makes it possible for schools to serve nutritious inexpensive lunches to students each day. Schools may also serve meals during summer months. Last school year, in NH, over 30 million meals were reimbursed. USDA provides program funding and administration.

Community Eligibility Provision (CEP)

The Community Eligibility Provision (CEP) provides an alternative approach for offering school meals to local educational agencies (LEAs) and schools in low-income areas, instead of collecting individual applications for free and reduced-price meals.

Afterschool Snack Program

The Afterschool Snack Program is made available to serve healthy reimbursable snacks to children participating in the after-school programs run by schools or childcare sponsors.

The Office of Nutrition Programs and Services (ONPS)

The Child and Adult Care Food Program (CACFP)

The Child and Adult Care Food Program (CACFP) was established for childcare centers in 1968 under Section 16 of the National School Lunch Act and the Child Nutrition Act. CACFP provides aid to child and adult care institutions and family or group day care homes for the provision of nutritious foods that contribute to the wellness, healthy growth, and development of young children, and the health and wellness of older adults and chronically impaired disabled persons.
