## **SECTION 2 – Requirements and Scope of Work**

### **A. Minimum Requirements (Absolute Priorities)**

#### **Absolute Priority #1: 21<sup>st</sup> CCLC Statewide Evaluation Report Annually**

The vendor will create a comprehensive statewide evaluation report summarizing the data from 2022-2023, following a conceptual framework, including logic models with measures. The data will include student demographics, meeting the Federal Government Performance Results Act (GPRA) goals (see Appendix C), as well as the results of the surveys completed by principals, program directors, staff coordinators, older youth, and younger youth. The report will focus on a quantitative and qualitative summary of the available data to meet the Measures of Effectiveness required by the USED for continuous improvement –

*ESSA Section 4205(b)(1) For a program or activity developed pursuant to this part to meet the measures of effectiveness, monitored by the State educational agency, such program or activity shall-*

- B. be based upon an established set of performance measures aimed at ensuring the availability of high-quality academic enrichment opportunities;*
- C. if appropriate, be based upon evidence-based research that the program or activity will help students meet the challenging State academic standards and any local academic standards;*
- D. ensure that measures of student success align with the regular academic program of the school and the academic needs of participating students and include performance indicators and measures described in section 4203(a)(14)(A); and*

The applicant must submit a proposed budget outlining:

- the cost for the first year and two additional optional years; and
- a detailed budget identifying expenditures for each of the two (2) absolute priorities.

**B. Vendor Deliverables**

#### **G. Proposal Confidentiality**

the State. Vendors must also provide a separate copy of the full and complete document, fully redacting those portions and shall note on the applicable page or pages that the redacted portion or portions are “confidential.”

Submissions which do not conform to these instructions by failing to include a redacted copy (if necessary), by failing to include a letter specifying the rationale for each redaction, by failing to designate the redactions in the manner required by these instructions, or by including redactions which are contrary to these instructions or operative law may be rejected by the State as not conforming to the requirements of the proposal.

Pricing, which includes but is not limited to, the administrative costs and other performance guarantees in Proposals or any subsequently awarded contract shall be subject to public disclosure regardless of whether it is marked as confidential.

Notwithstanding a vendor’s designations, the State is obligated under the Right-to-Know Law to conduct an independent analysis of the confidentiality of the information submitted in a proposal. If a request is made to the State to view or receive copies of any portion of the proposal, the State shall first assess what information it is obligated to release. The State will then notify you that a request has been made, indicate what, if any, information the State has assessed is confidential and will not be released, and specify the planned release date of the remaining portions of the proposal. To halt the release of information by the State, a vendor must initiate and provide to the State, prior to the date specified in the notice, a court action in the Superior Court of the State of New Hampshire, at its sole expense, seeking to enjoin the release of the requested information.

By submitting a proposal, vendors acknowledge and agree that:

- The State may disclose any and all portions of the proposal or related materials which are not marked as confidential and/or which have not been specifically explained in the letter to the person identified as the point of contact for this RFP;
- The State is not obligated to comply with a vendor’s designations regarding confidentiality and must conduct an independent analysis to assess the confidentiality of the information submitted in your proposal; and
- The State may, unless otherwise prohibited by court order, release the information on the date specified in the notice described above without any liability to a vendor.

#### **I. Electronic Posting of RFP Results and Resulting Contract**

At the time of receipt of proposals, NHED will post the number of responses received with no further information. No later than five (5) business days prior to submission of a contract to the Department of Administrative Services, NHED will post the ranks or scores of each responding vendor. In the event that the contract does not require Governor & Executive Council approval, NHED will disclose the rank or score at least 5 business days before final approval of the contract.

Pursuant to RSA 91-A and RSA 9-F:1, the Secretary of State will post to the public any document submitted to Governor & Executive Council for approval, including contracts resulting from this RFP, and posts those documents on its website

(<https://sos.nh.gov/administration/miscellaneous/governor-executive-council/>). #### **L. Challenges to Identification of Selected Vendor**

The request must be in writing and must specify all points on which the vendor believes NHED erred in its process and shall contain such argument in support of its position as the vendor seeks to present. ## **New Hampshire Nita M. Lowey 21<sup>st</sup> Century Community Learning Centers (21<sup>st</sup> CCLC)**

### **State Goals for 2024-2025**

Congress established a set of measures via the Government Performance Results Act (GPRA) in 1993 to improve government performance management. GPRA measures are required outcomes that are reported to Congress once a year. The U.S. Department of Education (USED) analyzes this data to report on the GPRAs measures to Congress in the Annual Performance Report. In New Hampshire, the 21st CCLC, GPRAs are measured by improvements in; New Hampshire Statewide Assessment (NHSAS), Grade Point Average, School Day Attendance, Teacher-Reported Behaviors and Student Engagement in Learning. Data will be collected during the school year of 2024-2025 and reported in the Fall of 2025.

Subgrantees will be funded at 100 percent for the first three (3) years of funding. Subgrantees may have the opportunity to receive continued funding for an additional two (2) years based on funding availability and the Department's evaluation of successful progress towards meeting the Government Performance Results Act (GPRA) measures.
