The third round of SAFE grants closed on November 30, 2023. The department received 630 applications for projects totaling \$21 million. The applications were presented to the Public School Infrastructure (PSI) Commission on December 6, 2023. The commission recommended the newly appropriated \$9.7 million PSI funds be awarded to schools that did not receive grants in rounds one or two and any remaining funds be awarded on a first come first served basis. It was recommended by the commission that awards be capped at \$100,000 per school. It was recommended that applications listed above be placed on a waitlist.

This is not a list of approvals.
