# Introduction

As the SAT® School Day proctor, you play an important role in ensuring the successful administration of the SAT, a key milestone on the path to college for many students. Taking the state-provided SAT during the school day in a familiar, easily accessible environment allows students to improve college and career readiness. It also means more students can participate in College Board programs that support college access.

## Using This Manual

This manual is for proctors' use for digital SAT School Day testing only (not paper-based or weekend testing) in spring 2023. Use this manual in the accommodated room. Please do not share it with students or anyone else besides testing staff.

### Before Test Day

Before test day you'll need to participate in training provided by your test coordinator, and you'll need to prepare your room and materials. Completing the tasks in this section prepares you for testing.

### During the Test

You'll administer the test by reading aloud the scripts exactly as they appear in this manual. Scripts appear in shaded areas; all other text is for your information and not to be read aloud.

### After the Test

After the test you'll assist in wrapping up the administration, which includes tasks such as accounting for all materials and returning them to the test coordinator. Completing the tasks in this section ensures that students receive their scores.

### Appendix Resources

We provide some useful resources in the Appendix of this manual (see the table of contents for a complete list with page references).

### Typographical Icons

Typographical icons are used throughout the manual to draw your attention to specific information and action items:

-  Contact by phone
-  Procedures or information for providing accommodations to students with disabilities
-  Security requirement

## New for 2022-23

### Important Changes and Reminders

College Board has made the following changes for this school year.

1. For the latest updates to policy, please see [sat.org/covid19](https://sat.org/covid19).
2. You'll see call outs listing states offering the SAT with and without Essay to their students. Choose the instruction that applies to your state.

#### States Testing with the SAT Essay

Delaware, New Hampshire, Connecticut, Indiana, New Mexico, Ohio, and Rhode Island

#### States Testing without the SAT Essay

3. College Board will introduce a redesigned Nonstandard Administration Report (NAR) for 2022-23, but policies and procedures regarding the NAR will remain largely unchanged from previous administrations. Please contact the SSD office for any questions regarding the NAR not addressed in this manual.
4. The "Master Student List" is now referred to as the "Schoolwide Student List."

## Testing Basics

### About the SAT

The SAT is part of the SAT Suite of Assessments, closely aligned tests that reflect what students are already learning in their classrooms and help educators monitor student progress. Visit [satsuite.collegeboard.org](https://satsuite.collegeboard.org) to learn more about the SAT Suite.

The SAT focuses on the skills and knowledge that research indicates are essential for career and college success.

### Standardized Testing

Uniform procedures are essential to a standardized testing program. To ensure comparable scores, testing staff must follow the same testing procedures and give instructions exactly as they appear in this manual.

Please ensure that you comply with all applicable laws, including those relating to discrimination and local health and safety guidelines. By strictly following College Board policies and procedures, you give students the best guarantee of fair testing and the best possible test day experience.

As the proctor, you're responsible for conducting a secure, valid administration. You're accountable for everyone in the testing room and everything that takes place there. You'll account for all testing materials, conduct the testing, appropriately document irregularities, and monitor students to ensure a fair administration.

If you also serve as the SSD coordinator for your school, you'll have other responsibilities as well. The SSD coordinator works with students to apply for College Board-approved accommodations, state-allowed accommodations or SAAs (if applicable), and English learner (EL) supports for students who require time and one-half through the SSD Online portal. In addition, the SSD coordinator accesses and prints the Nonstandard Administration Report (NAR) and assists the SAT School Day coordinator in determining testing rooms and staff needed for administering the test with accommodations.

All testing materials, including any paper and pencil accommodated materials for use during the accommodated testing window, are shipped to the test coordinator. However, the SSD coordinator can assist in ensuring the secure storage and timely return of any materials that remain in use after standard materials used on the primary test date have been returned for scoring.

### Test Types and the SAT Essay

Throughout the manual, you will see references to either the SAT or the SAT with Essay. When using this manual, be sure you follow the correct test type for the students you're testing, as required by your state.

Students in the following states will not take the essay:

- Connecticut
- Indiana
- New Mexico
- Ohio
- Rhode Island

Students in the following states will take the essay:

- Delaware
- New Hampshire
- Oklahoma

### Test Sections and Timing

The SAT is composed of several tests that follow the same order for all students. The test must be administered in this sequence unless explicitly instructed otherwise by College Board.

**Evidence-Based Reading and Writing:** Includes a Reading Test and a Writing and Language Test. Each test is composed of multiparagraph passages and multiple-choice questions.

Time allotted:

- 65 minutes for Reading
- 35 minutes for Writing and Language

**Math:** Includes one portion that permits calculator use and one that doesn't. Each portion is composed of multiple-choice and student-produced response questions.

Time allotted:

- 25 minutes for Math Test – No Calculator
- 55 minutes for Math Test – Calculator

**SAT Essay:** Students are asked to read a passage and analyze how the author builds an argument to persuade an audience.

Time allotted:

- 50 minutes

## Accommodated Testing Overview

College Board is dedicated to ensuring that students with disabilities receive appropriate accommodations on tests, such as braille, extra breaks, and extended time. Using the College Board SSD Online system, SSD coordinators can manage student requests and approvals for accommodations. Once approved, with limited exceptions, students remain approved for College Board accommodations until 1 year after high school graduation.

Most students will test in 1 or 2 days. On rare occasions, students may need more than 2 days for testing (for example, if they require more than double time or if they're approved for limited testing time).

SAAs may be available depending on your state. If available, SAAs allow students to use defined accommodations; however, they do not result in college or scholarship reportable scores.

## Terminology

Direct questions about terminology to your coordinator, who can supply definitions from the glossary of frequently used terms in the *Digital SAT School Day Coordinator Manual*.

## Digital SAT Materials

The test coordinator will provide all the materials needed on test day for your room.

### Rosters

Each proctor will receive a roster for their room from the test coordinator. Use the roster to confirm who should be in your testing room and record any absences. The information you record on the room roster will be used by the test coordinator to plan for any students who require a makeup administration.

### Standard and Accommodated Testing Rooms

Your NAR should be printed from SSD Online by your school's SSD coordinator. It will indicate the recommended testing group, testing materials, and number of testing days for all students testing with accommodations. The table that follows provides an overview. In digital testing, the test groups may not apply, as some students will be using the digital alternatives. Students who are testing with the same timing and breaks can be assigned to the same room. Check your NAR to make sure all students with approved accommodations or supports are identified correctly.

For accommodations not listed in the table, work with your SSD coordinator or contact the College Board SSD office. Also note that students may be approved for more than 1 accommodation. Proctors may need to use more than 1 script for some students (for example, math-only extended time requires a standard-time script and an extended-time script).

Students approved for extended time for reading will use extended time on the entire assessment. Students with time and one-half who are taking the SAT without Essay will test in 1 day. Students taking the SAT with Essay with time and one-half and all students testing with double time will test over two days.

**IMPORTANT:** Students using the time and one-half EL support receive extended time on the entire assessment.

\*Students approved for writing-only extended time receive extended time only on the SAT Essay and no other test sections. If taking the SAT without Essay, these students test in the standard room with standard time (unless they have other accommodations that can't be provided in the standard room).

Refer to your state department of education for information about SAAs. Refer to the NAR for additional information on testing these students.

## Forms and Reporting

You need to be familiar with the reports and forms used in the testing room.

### Nonstandard Administration Report (NAR)

The NAR lists students with College Board-approved accommodations, SAAs, and EL time and one-half. The SSD coordinator will need to review the NAR for all students and, if needed, add any additional students who have been approved for accommodations. You should record whatever accommodations are used during testing on the NAR.

Some students may require different accommodations for digital testing than for paper-based tests. For example, some students who are approved for large print for paper-based tests may be accommodated through the use of zoom text for digital tests, while a student who is approved for colored overlay may require the color contrast feature for digital testing. Please review the tables of testing tools and digital alternatives to SAT accommodations in the Appendix. Work with your SSD coordinator and technology coordinator to confirm that any required system configurations are enabled correctly for students who need them.

We recommend that you use copies of the NAR as room rosters for your students with accommodations, as the NAR gives instructions about specific materials, if any, to use. Several days before test day, print and distribute copies of the NAR to proctors. Instruct the proctor to note their own name on the NAR, annotate it with attendance and accommodations used, and return it with other materials.

### Request to Cancel Test Scores Form

Students use this form to request score cancellation, which means their scores will not be reported to them or to any colleges. Direct students to fill out the form with exactly the same information given on their test tickets.

The test scripts inform students that if they request score cancellation, their scores will still be provided to their

state, but College Board will not send them to colleges or scholarship organizations.

Students must sign and date the form, then submit it in one of the following ways:

- Hand the form to the testing staff before leaving on test day.
- Fax the form to the number indicated on the form no later than 11:59 p.m. ET on the fourth weekday following the date testing ends. (For example, the fourth weekday following a test administered on a Tuesday would be the next Monday.)
- Send the form by overnight delivery to the address indicated, to arrive no later than 11:59 p.m. ET on the fourth weekday following the date testing ends.

Scores cannot be canceled by email or phone.

A student may cancel their scores using the SAT Request to Cancel Test Scores form in instances of illness. **Fill out an Irregularity Report (IR) in these cases.** Students will be eligible for a makeup administration. An IR isn't necessary for other situations where students elect to cancel their scores.

### SAT School Day Irregularity Report (IR)

An IR is a scannable form used to document any irregularities that occur on test day including security incidents, rule violations, test question errors or ambiguities, student complaints, or other incidents. You'll receive at least 1 blank IR to use in the event an irregularity occurs during SAT School Day testing. The testing staff performs a critical role in reporting irregularities and affected students.

IRs are used to determine whether or not a student who tests in the primary testing window may be eligible for a makeup. It's important that student irregularity information on the IR is complete. Without complete information, College Board can't resolve issues that arise. All IRs submitted are thoroughly reviewed. Refer to the Irregularity Chart on page 110 for instruction on when to fill out an IR.

# Before Test Day

## Prepare Yourself

- Participate in training if you haven't already.
- Become familiar with the TA Interface using the TA Interface Practice site at [digitaltesting.collegeboard.org](https://digitaltesting.collegeboard.org).
- Read this entire manual.
- Take time to study the scripts and timing before test day. Uniform testing conditions depend on your reading the scripts exactly as written in this manual.
- Meet with your test coordinator to ensure you have plans in place for testing students with accommodations and EL supports.
- Review and sign the Testing Staff Agreement form provided by your test coordinator.
- Conduct a preadministration session at your test coordinator's direction.

## For SSD Coordinators

SSD coordinators should consult the *Digital SAT School Day Coordinator Manual* for instructions and information on what to do before test day. Ask your test coordinator for a copy of the coordinator manual if they have not already provided you with one.

## For Proctors: Prepare Your Room for Test Day

Your test coordinator will provide you with information to post on the board for test day. Prior to test day, the test coordinator selected rooms that meet College Board testing room and seating requirements. As the proctor, review the requirements in this section to make sure your room and seating arrangements still meet them on test day.

## Prepare to Collect Student Belongings

College Board requires testing staff to collect mobile phones, wearable technology, and other prohibited electronic devices before administering the SAT. Plan ahead for collecting electronic devices and backpacks (if allowed by school policy or directed by your test coordinator) as students enter the testing room.

During check-in, instruct students to power off electronic devices. If collecting devices, be ready to label items collected so they can be returned after testing. If your school isn't allowed to collect devices, tell students to store their phones in a bag or backpack placed to the side of the room away from the testing area. (Have a supply of clear plastic bags to offer students who don't have a bag or backpack with them.) More information is given under Prohibited Devices Policies on page 20.

## Prepare to Use the Scripts

Your test coordinator will provide a copy of the NAR or room roster with the students assigned to your room and their accommodations. A day or 2 before test day, review the list and make sure all students in your room are taking the same test with the same timing. There are 5 test scripts for the SAT based on the type of accommodation(s) a student is approved for.

Review the Overview of Timing and Breaks on page 94, and map out any shifts from one script to another that might be needed in your room.

These are the scripts:

- Script 1: Standard Time for Accommodated Testing
- Script 2: Standard Time with Extra Breaks
- Script 3: Time and One-Half for 1-Day Testing
- Script 4: Double Time
- Script 5: Time and One-Half for 2-Day Testing

## Testing Room Requirements

To promote an effective and secure administration, testing rooms must fulfill the following requirements:

- Rooms must be located away from noisy areas and distracting activities.
- Rooms should be near restrooms.
- Rooms must have:
  - ◆ A working clock, visible to students
  - ◆ Proper lighting
  - ◆ Proper ventilation
  - ◆ Internet access, wired or wireless
  - ◆ Access to power supply for all devices
  - ◆ Proper seating that follows the seating requirements given in this section
  - ◆ No materials related to test content on display (these can be removed or covered)

## Seating Requirements

Digital testing room seating requirements differ from those for College Board paper-based testing. Observe the following requirements:

- Partitions and/or dividers between students are highly recommended.
- Students must be seated no less than 3 feet apart side-to-side and 5 feet back-to-back/front-to-back (measured from the center of one computer to the center of the next computer).
- Face-to-face seating configurations are only allowed with the use of partitions.
- U-shaped seating configurations are allowed; however, students must face outward and toward the wall and must not be seated next to one another in the connecting corner.
- Testing stations should be configured to prevent students from viewing one another's computer screens.
- Ensure unimpeded access to every student by staff.
- Provide enough desk space for the testing device, plus the use of scratch paper and a calculator.
- If laptops are used, they must be placed on tables or desks.

**IMPORTANT:** *Students may not select their own seats.*

See Digital Testing Room Seating Arrangements on page 99 for visual examples of these requirements.

## Prepare Your Students

Your test coordinator should ensure all students receive a copy of the *SAT School Day Student Guide for Digital Testing* to help them learn about and prepare for the test. In addition, the student guide advises students about how to select their answers, their rights and responsibilities as test takers, and what to bring on test day. Students with accommodations may need additional information, depending on their approved accommodations.

- Inform students who are testing in the accommodated testing window of when and where to report for testing.

- Tell students testing with TTS or AT:

- ◆ To bring earphones for taking the test (unless the school is providing earphones). **Bluetooth earphones are not allowed.**
- ◆ To practice and become familiar with the secure browser before test day, visit [digitaltesting.collegeboard.org/for-students](https://digitaltesting.collegeboard.org/for-students). For tips and practice tests, go to [sat.org/practice](https://sat.org/practice).

- Tell students with College Board approval to use a calculator on the Math Test – No Calculator portion of the SAT that they will have a calculator available to them in the secure browser or they can bring a separate 4-function calculator for this purpose. (Percentage and square root functions are permitted.)
- Tell students who are approved for extended time they'll need to stay for the entire test. They can't leave early if they finish before time is up.

## Delivering the Digital SAT

In the testing room, proctors will manage and monitor student testing from the TA Interface at [digitaltesting.collegeboard.org](https://digitaltesting.collegeboard.org). Review this section for key features of the delivery of the digital SAT.

### Student Test-Taking Devices

Before testing can begin, you must ensure that all student test-taking devices are navigated to the sign-in screen of the secure browser. On Chromebooks and iPads, launch SecureTestBrowser. If these devices are used for other assessments, click the **4-square menu icon** to access the secure browser launchpad and select **College Board (PSAT 8/9, PSAT 10, SAT)** from the **State/Organization** drop-down to launch the secure browser. The **Assessments** drop-down will automatically populate.

### Session IDs

To enter and begin each timed section of the test, students will be required to join the session you've started in the TA Interface. Students must enter a Session ID and wait for approval to enter the session. You'll then disclose the Session ID at the start of each test section as prompted in the testing scripts. Each test section has a new Session ID.

## Approving Students for Testing

Before students can take the test, you'll need to approve them twice: first to enter the section and second to start the test. You'll repeat this 2-part approval process each time you begin a new section.

In both parts, students appear in your Approval Queue on the TA Interface after they confirm they're ready. Help your students get their full testing time by making sure they're all listed in your queue before you click **Admit Students** or **Start Test**.

Your script will tell you when to perform each part and refer you to the instructions.

### How to Approve Students from the TA Interface

#### Part 1: Admit Students

You'll admit students to the section after they sign in and verify their identity by selecting **Yes**.

1. Click the **Approvals** button on the TA Interface.
2. Click **Refresh** on the Approval Queue pop-up until all your students are listed.
- TIP:** Check the count of students waiting for admission above the table to make sure it matches the number of students in your room.
3. Click the **Admit Students** button.
4. Click **Yes** to confirm.

Continue reading from the script.

**TIP:** If a student has a timing mismatch error or needs to be returned to the sign-in screen, click the red X next to their name to deny the student entry, and contact your test coordinator.

#### Part 2: Start Test

You'll start timed testing after students review their test settings and select their **Start** button.

**These steps start test time.**

1. Click the **Approvals** button on the TA Interface.
2. Click **Refresh** on the Approval Queue pop-up until all of your students are listed.

**TIP:** Check the count of students waiting to start testing above the table to make sure it matches the number of students in your room.

3. Click the **Start Test** button.
4. Click **Yes** to confirm.

Continue reading from the script.

## Prepare Your Preadministration Session

Your test coordinator will provide the appropriate materials for your session, depending on whether students have parental consent to complete the optional questionnaire. The test coordinator will indicate which group of students you will be administering to: students who have consent or students who do not have consent.

## Conduct the Preadministration Session

There are 3 parts to the preadministration session: completing student information, taking advantage of the free score sends by providing up to 4 colleges or scholarship programs, and participating in Student Search Service™ and completing the remaining questions in the optional questionnaire. All students will participate in the first 2 activities. **Only students with parental consent should participate in**

Student Search Service and completing the optional questionnaire portion of the session.

- Before starting the session, staff should make sure they have the test tickets for the students in their room.
- Post any information the students will need, such as the school name, city, and state.
- Give each student a copy of the *Digital SAT School Day Student Questionnaire Instructions*.
- Scripts that you will read aloud appear in shaded boxes. You'll pause when [pause] appears to give students time to follow instructions. Instructions that shouldn't be read aloud appear outside the shaded areas.
- If students have already taken the questionnaire online, they may sit quietly while the rest of the students complete the questionnaire. To take advantage of the 4 free score sends, they will have to submit them during this time or there may be a fee afterward.

## Set Up the TA Interface for the Questionnaire

### Launch the secure browser on student devices

On iPads and Chromebooks, follow these steps:

1. Launch **SecureTestBrowser**.
2. Click the 4-square menu icon to access the secure browser launchpad.
3. Select **College Board (PSAT 8/9, PSAT 10, and SAT)** from the **State/Organization** drop-down menu. The **Assessment** drop-down will automatically populate.

 **Launch the TA Interface from your device**

1. Go to the College Board digital testing portal, [digitaltesting.collegeboard.org](https://digitaltesting.collegeboard.org).
2. Click **Sign In to the TA Interface**.
3. Sign in to the TA Interface with your username and password.
4. Select **College Board SAT**.
5. Select **SAT Questionnaire** from the list of sections; click **Start Session**.
6. Post the Session ID, exactly as it appears, on the board.

### Student's Screen: Secure Browser Sign In

### Selecting the Right Preadministration Script

#### A FOR STUDENTS WITHOUT CONSENT TO ANSWER THE OPTIONAL QUESTIONNAIRE

If you're reading these scripts to students whose parents or guardians didn't consent for them to answer the optional questionnaire, turn to Preadministration Scripts – Students Without Consent on page 12.

#### B FOR ALL OTHER STUDENTS

Continue with the scripts that follow.

## Preadministration Scripts – Students With Consent

### To all students, say:

Take out the *Student Questionnaire Instructions* that I gave you. You can refer to it for this session.

### When everyone is ready, say:

Now we'll complete the questionnaire portion of the SAT. You'll have the chance to answer some questions about yourself and you'll be able to take advantage of your 4 free score reports by indicating which colleges, universities, or scholarship programs to send your scores to. You'll also have the opportunity to opt in to Student Search Service and provide information about yourself to help connect you with eligible colleges and universities. [pause]

### If administering before test day, say:

Use this opportunity to also become familiar with the digital testing environment, which you'll see again when answering the actual test questions.

I will now distribute your test ticket. You'll use the information on the ticket to sign in to the questionnaire.

Distribute a test ticket to each student. Make sure each student receives the ticket with their first and last name printed on it.

### When all students have their test ticket, say:

Your device should be on the secure browser sign-in screen.

- Type your **First Name** and **Registration Number** exactly as they're printed on your test ticket.
- Type the **Session ID** exactly as it appears on the board.
- Click **Sign In**.

If you receive an error when trying to sign in, please raise your hand and I'll come around to assist you. [pause]

If a student receives an error when signing in, ask the student to reenter the information. Ensure the student enters the information exactly as it appears on their test ticket. Verify that the Session ID matches what appears in the TA Interface and on the board.

If the student still receives an error when signing in, give them a backup device. If a backup device is not available, have them reboot their device and launch the secure browser again. Any further issues should be escalated to the test coordinator.

**After all students are signed in, say:**

Now verify that your name appears on the “Is This You?” page. If so, click Yes. If the name there is not your own, please raise your hand. [pause]

If the student name on the “Is This You?” page is incorrect, confirm the identity of the student. Verify that the student has the correct test ticket and has entered the information correctly. Contact your test coordinator if the error can’t be resolved.

**When everyone is ready, say:**

You should now see a “Waiting for Approval” message. Please sit quietly and wait for approval. [pause]

All students should now be waiting for your approval.

### Admit Students

This is the first part of the 2-part approval process.

1. Click the **Approvals** button on the TA Interface.
2. Click **Refresh** on the Approval Queue pop-up until all your students are listed.  
**TIP:** Check the count of students waiting for admission above the table to make sure it matches the number of students in your room.
3. Click the **Admit Students** button.
4. Click **Yes** to confirm.

**If students are testing with TTS, say:**

Now you should see the text-to-speech sound check. Please follow the onscreen instructions and make a selection at the bottom of the screen. [pause]

Confirm students have completed the sound check, heard the voice, and made a selection (**Works**, **Doesn’t Work**, or **Skip**). If a student has an issue that can’t be resolved, contact your test coordinator.

**Once you’ve admitted all students, say:**

You are almost ready to begin the questionnaire. You should see a box labeled “Help Guide” on your screen. Please take a moment to view the Help Guide by selecting the button. You’ll see an overview of the test tools, buttons, and features that will be available to you during the test. You can access this information during the test by clicking the **Question Mark** icon in the top right corner of your screen. When you are done reviewing the tools, click the **Back** button to return.

Allow time for students to scroll through and read the information on the screen.

**If students are testing with AT or TTS, say:**

On this page you may also view your test settings. These are the test settings that you’ve been approved for. Confirm that your test settings are enabled here. If any information is incorrect, raise your hand. If all information is correct, scroll to the bottom of the page and click the **OK** button to return to the previous screen.

**When all students are ready, say:**

Click **Start**.

You should now see a “Waiting for Approval” message. If you don’t see this message, raise your hand. [pause]

If a student isn’t waiting for approval, ensure that the student has clicked **Start** at the bottom of the previously described page.

**When all students are ready, and before approving all students, say:**

The questionnaire is untimed. You’ll be asked to type in some responses and select a response for other questions. If you have any questions, raise your hand and I’ll help you. I’m now going to start the questionnaire.

All students should now be waiting for your approval.

### Start Questionnaire

This is the second part of the 2-part approval process.

1. Click the **Approvals** button on the TA Interface.
2. Click **Refresh** on the Approval Queue pop-up until all your students are listed.  
**TIP:** Check the count of students waiting to start testing above the table to make sure it matches the number of students in your room.
3. Click the **Start Test** button.
4. Click **Yes** to confirm.

**Continue by saying:**

Take a moment to read the opening paragraphs, which include the confidentiality statement. Please look up when you’re finished. [pause]

Now click the **Forward Arrow** to see page 1, where you’ll be asked about the school you regularly attend. [pause]

If you attend this school, select Yes and type our school's name, city, and state.

If you don't regularly attend this school, select the No option that applies to you.

Look up when you're done. [pause]

Provide the school addresses to students from other schools (a list should be in your materials from the test coordinator) if they don't know their school's address. Tell homeschooled students to leave the school name, city, and state fields blank.

#### **When students have completed their school address, say:**

Click the **Forward Arrow** to see page 2 of the questionnaire where you'll provide your home address. If your mailing address changes, you can always update it through your College Board account.

Look up when you've finished providing your address. [pause]

#### **When students have finished submitting their address, say:**

When you take the SAT as a part of SAT School Day, you're entitled to send your scores—for free—to as many as 4 colleges, universities, or scholarship programs. Completing this section is optional. Colleges and universities are always eager to get scores from students, even if you're not ready to apply. Once you submit your score sends, you will not be able to update them again in the secure browser. If you do not include your score sends during this questionnaire section, there may be a fee if you choose to send them later. For additional assistance, contact SAT School Day Support.

For each place you want to send scores to, select them from the list.

Look up when you're done. [pause]

#### **When students have completed their score sends:**

Page 4 of the questionnaire asks if you want to participate in College Board's free Student Search Service. There are certain advantages for you to complete this optional information. If you opt in to Student Search Service, this information is provided to colleges, universities, and scholarship providers, and used to identify students who may be interested in the opportunities they offer. However, it's important that you know College Board

will also be able to use this information and provide it to others for additional uses, such as research.

#### **Continue with the questionnaire by saying:**

The remaining questions are optional but recommended. If your parent or guardian has told you that you shouldn't complete any optional or voluntary information, please just sit quietly as we go through this activity.

#### **For page 5 of the questionnaire, say:**

If you'd like to get information from College Board by email, including information about your scores once they become available online, enter an email address, and click the button to indicate whether the email address is yours or a parent's or guardian's. College Board will use the email address to send information such as when your scores are available online.

If you opted in to Student Search Service, your email address will be added to your College Board student record.

#### **For page 6 of the questionnaire, say:**

Page 6 of the questionnaire asks for your mobile number. Please leave the box blank if yours is not a U.S. mobile number. If you have a U.S. mobile number, read the information on the screen about providing phone numbers.

#### **Now say:**

You may now complete the remaining pages. Don't complete any field that asks for information your parent or guardian has told you not to provide.

Walk around the room to check that students have made it to the end of the questionnaire.

#### **When all students have completed the questionnaire, say:**

You have now completed the questionnaire and you should be at the review screen. If you are not there, click the **Forward Arrow** until you see it.

Then click the **End Test** button in the top left corner of the screen. If you don't see the **End Test** button, please navigate to the review screen.

When you see the pop-up that says, “You have reached the end of the test,” click **Yes**. On the Congratulations page, click **Submit Test**, then click **Yes**.

When you reach the “Your Results” page, click **Log Out**. Please sit quietly and wait for further instruction.

Click the **Stop** button next to the Session ID in the TA Interface.

**Then say:**

I will collect your test tickets and *Student Questionnaire Instructions*. Thank you for completing the questionnaire for the SAT.

**IMPORTANT:** If you’re completing this session after the test on test day, continue to *Dismissing Students* on page 92.

The session is now over. You may dismiss your students or carry on with your regular school day. Return the test tickets and Student Questionnaire Instructions to the test coordinator.

## Preadministration Scripts – Students Without Consent

**IMPORTANT:** If students have already taken the questionnaire online, they may sit quietly while the rest of the students complete the questionnaire. To take advantage of the 4 free score sends, they will have to submit them during this time or there may be a fee afterward.

**To all students, say:**

Take out the *Student Questionnaire Instructions* that I gave you. You can refer to it for this session.

**When everyone is ready, say:**

Now we’ll complete the questionnaire portion of the SAT. You’ll have the chance to answer some questions about yourself and you’ll be able to take advantage of your 4 free score reports by indicating which colleges, universities, or scholarship programs to send your scores to.

**If administering before test day, say:**

Use this opportunity to also become familiar with the digital testing environment, which you’ll see again when answering the actual test questions.

I will now distribute your test ticket. You’ll use the information on the ticket to sign in to the questionnaire.

Distribute a test ticket to each student. Make sure each student receives the ticket with their first and last name printed on it.

**When all students have their test ticket, say:**

Your device should be on the secure browser sign-in screen.

- Type your **First Name** and **Registration Number** exactly as they’re printed on your test ticket.
- Type the **Session ID** exactly as it appears on the board.
- Click **Sign In**.

If you receive an error when trying to sign in, please raise your hand and I’ll come around to assist you.

If a student receives an error when signing in, ask the student to reenter the information. Ensure the student enters the information exactly as it appears on their test ticket. Verify that the Session ID matches what appears in the TA Interface and on the board.

If the student still receives an error when signing in, give them a backup device. If a backup device is not available, have them reboot their device and launch the secure browser again. Any further issues should be escalated to the test coordinator.

**After all students are signed in, say:**

Now verify that your name appears on the “Is This You?” page. If so, click **Yes**. If the name there is not your own, please raise your hand. [pause]

If the student’s name on the “Is This You?” page is incorrect, confirm the identity of the student. Verify that the student has the correct test ticket and has entered the information correctly. Contact your test coordinator if the error can’t be resolved.

**When everyone is ready, say:**

You should now see a “Waiting for Approval” message. Please sit quietly and wait for approval. [pause]

All students should now be waiting for your approval.

# During the Test

## Get Started

### TASKS FOR PROCTORS

#### Follow Your Test Day Schedule

To ensure standardization across all SAT School Day testing, please adhere to the prearranged schedule as closely as possible.

#### Prepare the Testing Room

Make sure you:

- Walk around the room to check that all student test-taking devices display the secure browser sign-in page. If not, they need to open the secure browser (SecureTestBrowser on Chromebooks and iPads; or CB Secure Browser on Windows, Mac, and Linux).
- Log in to the TA Interface on the proctor device from [digitaltesting.collegeboard.org](https://digitaltesting.collegeboard.org).
- Double-check that your testing room meets seating requirements for digital testing, including guidelines for type and spacing of seats. See (Digital Testing Room Seating Arrangements on page 99.)
- Assign seats at random or by prearrangement with the test coordinator. Never allow students to select their own seats.
- Cover or remove any instructional material, such as maps and charts.
- Check the clock to make sure it's working properly.
- Post information for students on the board.
- If school policy allows, have a plan to collect mobile phones and other prohibited electronic devices from students, or have a designated area in the room for students to place their phone as they enter the room.

#### Study and Prepare Scripts Before Testing

Review the script you'll read before starting the test.

- If you're testing students with accommodations that require different timing for different sections of the test, we strongly recommend you prepare your manual ahead of testing so you can easily find your place. Use the page references provided in this manual to help navigate different script combinations.
- Some of the instructions have alternative scripts to read depending on options in use by your school. Review these scripts in advance and mark the appropriate ones for your testing room.
- Before admitting students, fill in the appropriate information where a blank line “\_\_\_\_\_” appears in the text.

### Plan for Pre-Essay Lunch Break—DE, NH, OK

College Board offers additional flexibility for students taking the SAT with Essay in 1 day. For these students, testing staff may opt to administer the customary 2-minute break between Section 4 and the Essay, or they may administer a longer break of up to 30 minutes before the Essay so students can break for lunch.

This policy is only applicable for students who are taking the SAT with Essay in 1 day of testing. Students with accommodations who are testing over 2 days will continue to have the customary 2-minute break between Section 4 and the Essay.

**IMPORTANT:** Ask your test coordinator if you are unsure whether you need to provide a lunch break for students taking the SAT with Essay in 1 day.

Testing staff opting to take advantage of the lunch break option should consider the following:

- Students may bring a packed lunch with them into the testing room, but it must be placed under their desk or to the side of the room during testing.
- Students should eat lunch together in the testing room or another secure designated lunch area(s).
- For students taking the extended lunch break, all testing must be completed in a single day. Students with accommodations testing over 2 days will have a customary 2-minute break before the Essay.
- The lunch break should not exceed 30 minutes.
- Policies and guidelines for the lunch break are the same as for other breaks as described in this manual. In particular, students must not discuss test content, and they cannot access their phones.
- Collect test tickets before the break and return them to students once they are seated and ready to begin the Essay.
- All testing devices must be left in the testing room during the lunch break, and each testing room must be watched by the proctor or another member of the testing staff.
- Review your test day scripts prior to test day. As directed in the scripts, proctors should begin the break for lunch after Section 4 is completed.

## Account for Testing Materials

Your test coordinator will provide a packet of testing materials containing:

- A student roster showing students assigned to the testing room for attendance purposes
- Test tickets for each student assigned to you
- Scratch paper (approximately 5 sheets per student)
- 1 or more blank IR forms
- At least 1 SAT School Day Request to Cancel Test Scores form
- A copy of the *Digital SAT School Day Accommodated Testing Manual*, including the seating chart
- A copy of the *Digital Testing Room Quick Start Guide*
- Copies of the *Digital SAT School Day Student Questionnaire Instructions* for students who need to complete the preadministration session
- Supplies for collecting or storing personal items (e.g., clear plastic bags and sticky notes)
- Copies of translated test directions for students who need them

Additionally, you should have a dedicated device for you to connect to the TA Interface and a testing device for each student assigned to the room.

**IMPORTANT:** Once testing has begun, complete the seating chart provided on the back of this testing manual.

## Using the Scripts

Determine ahead of test day which script or combination of scripts to use for the students in your room. If your students require more than 1 script (e.g., for math-only extended time), review the instructions in advance.

- Use Script 1 for students approved for accommodations that don't require extended time—for example, breaks as needed, extended breaks, or permission to test blood sugar—or who are approved for extended time on only some sections of the test (e.g., math only).
- Use Script 2 for students approved for accommodations that don't require extended time, or who receive standard time on only some sections of the test, and who are also approved for extra breaks.
- Use Script 3 for students approved for time and one-half for:
  - ◆ Reading on the SAT without Essay.
  - ◆ Text-to-speech with time and one-half on the SAT without Essay.
  - ◆ Use of a writer/scribe on the SAT without Essay.
  - ◆ Math only (start with Script 1 or 2).

- ◆ Writing only on the SAT with Essay (start with Script 1 or 2).
- ◆ Combined math and writing (start with Script 1 or 2).
- ◆ EL time and one-half testing on the SAT without Essay.

Scripts 4 and 5 are for use during the accommodated testing window. Some students may require standard timing (Script 1 or 2) for 1 or more sections of the test, for example.

- Use Script 4 for students approved for double time for:
  - ◆ Reading. These students test over 2 days.
  - ◆ Math only (start with Script 1 or 2). These students test in 1 day.
  - ◆ Writing only on the SAT with Essay (start with Script 1 or 2). These students test in 1 day.
  - ◆ Combined math and writing on the SAT without Essay (start with Script 1 or 2). These students test in 1 day.
  - ◆ Combined math and writing on the SAT with Essay (start with Script 1 or 2). These students test over 2 days.
- Use Script 5 for students taking the SAT with Essay with time and one-half on the entire test (for reading, use of a scribe, or the time and one-half EL support). These students test over 2 days.

*Students approved for writing-only extended time receive extended time only on the SAT Essay. When these students take the SAT without Essay they test in standard testing rooms unless they have other accommodations that require an accommodated testing room.*

## Testing in the Accommodated Room

Students can't elect to test without their approved accommodations unless they present a written statement signed by a parent/guardian, or by the student if they are over the age of 18 and allowed by your state.

### Admit Students to the Testing Room

Admit students one at a time, taking care to assign them seats at random or by prearrangement. Verify students have powered off mobile phones as you admit them to the room.

If your school is conducting classroom check-in, check each student against the room roster as they enter the room:

- Write a "P" (present) next to the name of each student who checks in.

- If you don't recognize a student, ask them for identification. Send any student who can't present acceptable ID to the test coordinator.
- After you've closed the testing room door, put an "A" next to the name of any student who is absent.
- Write in student information for students not on the room roster if the student provides a note from the test coordinator.

**Check that students are in the correct testing room.**  
Students testing in your room must appear on the NAR and/or your room roster.

If a student arrives late, you can admit them as long as you haven't yet started the timed sections of the test.

Refer to your test coordinator for any students that need to be moved to an accommodated testing room.

## Collect or Store Devices

As students enter the room, prepare them for either turning in their phones and other electronic devices or storing them at the side of the room during testing. See Prohibited Devices Policies on page 20 for more information.

## Time the Test

The SAT is timed by section in all rooms, standard and accommodated. Students must be given the entire amount of time; they can't enter the Session ID for the next test section until time has expired for the current section and the proctor provides the credentials.

Time the test as follows:

- The TA Interface will keep accurate time for all students in the room. When all students' testing time expires, the session will automatically end. The TA Interface will alert you that the test session has ended; click **OK** and begin a new session for the next test section (by clicking **Select Tests**). Even if all students appear to have completed testing in the section, you should not click the **Stop** button to stop the session early.
- Enter the start and approximate stop times in the script as students begin working on each section; even though students have access to the clock tool, note the approximate start and stop times on the board to aid students' time management during the test.
- Announce that the session is complete when the TA Interface shows the session has ended.

## Proctor Clock in the TA Interface

The proctor's clock in the TA Interface displays the time allowed for the test section in accordance to the test session attribute selection (i.e., standard or extended time). Upon the start of the timed portion of the test, the clock will display a message as students start the test,

then the clock will count down the time remaining in the section. Each individual test-taking device manages a student's time on the test section. When the allotted section time ends, the proctor's clock will change color and begin to count up to a maximum of 5 minutes to account for any variability in student start times. This 5-minute buffer time also allows any student who has experienced an interruption due to a technical issue to be allotted their lost time, up to 5 minutes.

The session will automatically end either when the testing time for all students expires, or when the 5-minute buffer is reached, whichever comes first. The TA Interface will alert you that the test session has ended; click **OK** and begin a new session for the next test section (click **Select Tests**).

**IMPORTANT:** *Students must be given their full testing time per section. Don't stop the session early, even if all students appear to have completed testing.*

## Student Clock Tool

As part of the universal toolset, students have access to the clock tool in the secure browser that displays the time remaining in the test section. The student can choose to hide or unhide the clock throughout the test.

At 5 minutes remaining, the clock will turn red and show a pop-up warning message. The student can't hide the clock once the 5-minute warning displays.

You can monitor student test progress in the TA Interface, which will display the approximate time remaining for each student.

**IMPORTANT:** *Unless there is a midsection break, you will not announce a warning for 5 minutes remaining in the section. The time displayed for each student may reflect different times based on the student's entry to the test section.*

Although students have access to the clock tool, the proctor should note the approximate start and stop times on the board to aid students' time management during the test. See the timing chart(s) in the Appendix.

It is your responsibility to:

- Monitor student test progress and the timing of each test section.
- Record the Session ID and approximate start and stop times in the area provided in the scripts.
- Inform the test coordinator of any timing irregularities.
- Record irregularities and actions taken on an IR.
- Refrain from stopping a session early by clicking the **Stop** icon (except in case of an actual emergency); the TA Interface will automatically end the session when time expires.

## Monitor Breaks

Testing staff need to monitor students during breaks to make sure they don't discuss the test or access calculators, phones, or prohibited aids.

For the breaks:

- Post the break time and include what time testing will resume.
- All testing devices should be on the secure browser sign-in screen (scheduled break) or an unanswered question (unscheduled break).
- Students aren't allowed to access phones or other prohibited electronic devices during breaks for any reason. Phones should be collected (if school policy permits), and must remain powered off and put away until the test is completely over.
- Students may eat and drink during breaks in designated areas, as long as they placed their food and drinks under their desks before the start of the test, as instructed. Don't allow students to access their bags or backpacks until the test is over.
- If students ask, they may go to the restroom, but under no circumstances should unsupervised groups of students be allowed to leave the room.

## Calculator Policies and Guidelines

Calculators may be used only on the Math Test – Calculator portion of the SAT, unless a student has been preapproved by College Board to use a 4-function calculator as an accommodation on the Math Test – No Calculator portion. Students may have calculators on their desks only when working on the Math Test – Calculator questions. Calculator covers should be stored under desks during testing.

The digital SAT includes the Desmos online graphing calculator as an embedded tool. Students can practice using the calculator tool before test day through the Student Digital Test Preview at [digitaltesting.collegeboard.org/for-students](https://digitaltesting.collegeboard.org/for-students).

General policies are as follows:

- All questions can be answered without a calculator.
- We recommend students use a scientific or graphing calculator they are familiar with on the Math Test – Calculator portion of the SAT.
- Students should supply their own calculators. If your school provides calculators, you must ensure the devices are included in Acceptable Calculators on page 108, have working batteries, and are functional. Make sure students are comfortable using them, and have a few extras on hand in case of malfunction.
- Students may also bring acceptable backup calculators in case their primary calculator or batteries fail, but they need the proctor's permission to use the backup.

## Calculator Malfunction

Students should raise their hand if their calculator malfunctions before or during the test and they want to use a backup. Allow them to use an acceptable backup calculator or insert the batteries they brought, and continue to test. Remind them that they have access to the calculator tool in the secure browser.

Students without backup equipment may continue testing, since all questions can be solved without a calculator. If they choose to cancel their score, they must cancel the entire test. They'll need to fill out a Request to Cancel Test Scores form before leaving the testing room. The proctor should tell students that if they cancel their scores, the scores will still be sent to the state, but the scores will not be sent to their chosen colleges or scholarship organizations.

## Monitoring Equipment Use

Follow instructions in the scripts to monitor calculator use.

- Only battery-operated, handheld equipment can be used for testing.
- Students may not share calculators.
- All scientific and most graphing calculators are acceptable. (See Acceptable Calculators on page 108.)
- 4-function calculators are permitted but not recommended.
- Students may use calculators with enlarged or raised displays, but they should be seated where the calculators are not visible to other students.

**IMPORTANT:** Students approved to use a calculator on the Math Test – No Calculator questions must have their test settings in Test Information Distribution Engine (TIDE) updated to allow an embedded online 4-function calculator to display in the secure browser, and they may use a handheld basic 4-function calculator. (Percentage and square root functions are allowed.) Confirm the calculators in use aren't more advanced models (scientific or graphing calculators).

## Scheduled Breaks

College Board policy requires every student to be offered breaks at regular intervals. Scheduled break time does not count as testing time.

Students who receive standard time on the entire test, whether taking the test with other accommodations or not, receive:

- a 10-minute break after Section 1
- a 5-minute break after Section 3
- a 2-minute break after Section 4 (for students taking the Essay)

During breaks after Sections 1 and 3, students may go to the restroom or to the area designated for eating snacks.

Some students may be approved for extra and/or extended breaks. Students approved for extended time on some or all of the assessment receive extra breaks. Specific timing instructions may be noted on the NAR.

The Overview of Timing and Breaks on page 94 in the Appendix provides a visual guide to these requirements. This manual includes specific instructions for accommodated breaks, and the scripts include break timing.

## Unscheduled Breaks

When students take an unscheduled break, the clock doesn't stop. To maintain security, staff should adhere to the following guidelines for permitting unscheduled breaks:

- Inform students they won't get extra testing time.
- Allow only 1 student at a time to take an unscheduled break.
- Ask the student to navigate to the next unanswered question in the secure browser. Don't pause the student's test. Don't allow extra time.
- Never leave the testing room unattended. If possible, have a monitor accompany the student. It isn't necessary to record a student taking an unscheduled break on an IR unless you find the activity suspicious (e.g., frequent breaks or breaks in coordination with other students).

---

## Maintain Security in the Testing Room

Make sure you understand and follow these policies:

- Follow scripts exactly and minimize confusion by giving students ample opportunity to ask questions about procedures.
- Remain vigilant at all times during testing. Staff must not engage in activities that are not related to testing, such as talking or texting on phones, using a computer, or grading papers.
- Ensure that at least 1 staff member is in the testing room at all times.
- Ensure that students do not possess calculators, phones, or prohibited aids during breaks.
- Monitor test materials at all times; do not leave them unattended under any circumstances.
- Guard against test materials being removed from the room.
- No student is permitted to access or use phones in the testing room, or to eat or drink during testing unless they have an approved accommodation.

 *Immediately report significant problems or events that interfere with specific testing procedures or compromise test security.*

## Monitor Students

- Walk around the room to check that everyone is working on the correct section.
- Make sure students do not use any prohibited aids, as instructed in the scripts.

## Prevent Copying and Communication

Copying and prohibited communication are the most common ways for students to obtain an unfair advantage. Staff must:

- Ensure proper spacing between students and watch for roaming eyes to prevent copying and communication during testing.
- Watch for possession of mobile phones or other prohibited items.
- Be on the lookout for cheat sheets written on paper, calculators, or skin/clothing and shoes/footwear.
- Carefully observe students using calculators. A mobile phone can be disguised as a calculator.
- Watch for signals. Students may signal across a testing room by using their hands, tapping their feet, using different colored pencils, and so on.

 *Staff must always note any suspicious activities on an IR. They should immediately report significant problems or events that interfere with specific testing procedures or compromise test security.*

## Report Irregularities

- Immediately inform the test coordinator of any timing irregularities.
- Record irregularities and actions taken on an IR.

## Complete the Irregularity Report

The IR form is scanned, so use a No. 2 pencil and don't write any notes or make any other extraneous marks on the form. Be sure to print all information neatly and fill in bubbles completely.

- For all irregularities, fill in fields 1–4 (page 1) and fields 9–10 (page 3) of the form.
  - ◆ In field 1, fill in "Form \_\_\_ of \_\_\_" (e.g., 1 of 3) at the top of the box.
  - ◆ In field 3, fill in the bubble for "Digital SAT" and the type of testing room.
  - ◆ In field 4a, write your 6-digit school (AI) code.
  - ◆ In field 4b, fill in the appropriate bubble for your test date. Fill in your primary or makeup test date according to what administration you're reporting.
  - ◆ In field 4c, fill in the bubble if the irregularity has occurred during a makeup administration

- To report a **group irregularity** (an issue that affects all or a portion of a testing room), fill in fields 6 (page 1), 9 (page 3), and 11 (page 4) to denote the type of occurrence, describe the events and actions, and list information about the students affected.
- To report an **individual irregularity** (an issue that affects 1 student, such as illness), fill in fields 7 (page 2) and 9 (page 3) to denote the type of occurrence and the events and actions taken. Be sure to fill out the information in its entirety.

## Prohibited Devices Policies

Review the following policies:

- Students are advised to leave their devices in their lockers during test day. Despite this, many students will have their phones and other devices with them. College Board policy requires staff to collect phones and electronic devices, including wearable technology, before testing begins.
- Devices must be completely powered off before collection. A phone or other prohibited device that makes noise is grounds for score invalidation. **Some alarms are set to sound even when the device is powered off.**
- Before testing begins, students have 1 more chance to power off and turn in their phones and other electronic devices if they haven't already.
- **Once the warning script has been read, if a prohibited device is seen in a student's possession, regardless of whether it's making noise, the test coordinator should collect the device, inspect the device for test-related content, and dismiss the student.** (Refer to the Irregularity Chart in the Appendix for more information.)
- If a student's phone makes noise or creates a disturbance while in the proctor's possession or stored away from the student's desk, this shouldn't be considered grounds for dismissal, but the proctor should power off the phone to prevent additional disturbances during testing and warn the student who owns the phone that additional disturbances will result in dismissal.
- The Irregularity Chart provides full direction on how to address students caught using prohibited devices and aids. Note any such activities on an IR. Contact the Office of Testing Integrity (OTI) immediately for further instructions if a device has been confiscated and test content is detected on the device.

## Prohibited Devices and Aids

Students may not have the following in the test area or break area, except in the case of approved accommodations for particular testing aids:

- Electronic equipment, including phones of any kind; personal computing devices (laptops, notebooks, Bluetooth devices such as wireless earbuds/headphones, or tablets); cameras; separate timers of any kind; audio players/recorders or headphones; wearable technology; digital watches, including smartwatches; or any other prohibited devices that can be used to record, transmit, or receive information.
- Highlighters, rulers, earplugs, books or references of any kind, and papers of any kind, including scratch paper not provided by the proctor.

**IMPORTANT:** Remind students that scratch paper will be provided on test day, issued by the proctor. Students should not bring their own.

## Device Collection Procedures

Students must turn in all phones, wearable technology (e.g., smartwatches or fitness trackers), and other electronic devices before beginning to test. It's important for students to feel confident that their devices are safe and will be returned to them promptly at the end of testing. Depending on your school policy, you must use 1 of the following 2 options for adhering to College Board policy requiring collection of devices.

### Option 1 – Collect devices and put them in individual bags:

- At the door, ask students to confirm that their phone and other electronic devices are powered off.
- Ask students to label devices with their names.
- Give them envelopes, plastic bags, sticky notes, or another method of reliably identifying their items.
- Reassure students that their devices will be returned after testing.
- Collect labeled items from students as they enter or once they're seated. Keep them out of students' reach during the entire test, preferably at your desk.

### Option 2 – Keep devices in students' bags and collect bags:

- At the door, ask students to confirm that their phone and other electronic devices are powered off.
- Ask students to place their devices in their backpacks or bags and to place these bags to the front or side of the room, away from desks.
- If a student doesn't have a bag, label the item and collect it individually as in option 1.
- Tell students to remove their pens or pencils, calculator, drinks, and snacks from their bag and take them to their seat. If a student is approved to use an aid, they should include it with the items they take to their seat.

**Returning devices:**

- Mobile phones and other collected devices should remain out of reach until testing is complete and all test materials have been collected.
- At the end of the test, students will collect their devices as their row is dismissed. If possible, arrange the items to make the return process easy.
- Before returning a device, check the name on the label, and have students confirm the device is theirs.
- If an item is left behind, return it with other materials to the test coordinator. Record the student's name so they can be contacted.

**Medical Devices**

Epinephrine auto-injectors (e.g., EpiPens) are permitted in the testing room without the need for accommodations. They must be placed in a clear bag and stored under the student's desk during testing. Follow your district's policies regarding EpiPens.

Other medical devices, such as devices used for testing blood sugar, require an accommodation. In some cases, a student may have College Board approval to have a mobile phone in the testing room for use with a glucose monitor. Only students specifically approved to have a mobile phone in the testing room may do so. (Approval to test blood sugar doesn't automatically permit the student to have a mobile phone; they must also be approved for a mobile phone.)

In these circumstances, the phone must remain on the proctor's desk and can only be viewed under direct supervision. The proctor should confirm with the student prior to testing what actions are needed in the event there is a notification.

- If the student is using an iPhone, it must be in guided access mode.
- If using an Android phone, it must be in airplane mode. (If needed to check their blood sugar, the phone may be taken off airplane mode when the student is accessing the share app, under direct supervision of the proctor, and reengaged following use.)
- **The camera feature must be disabled for all phones.** Bluetooth may only be enabled to connect the phone's share app to a continuous glucose monitor (CGM).

No other device may be connected to the phone. Under no circumstances may a student keep their phone at their desk.

**Verify Authorized Test Observers and Visitors**

Staff from College Board, ETS®, Cambium Assessment, Inc.™ (CAI) or administrators from your state assessment office or district may visit your school the day of the test or in the weeks preceding it. Verify visitors have government issued identification and a letter of authorization from College Board, ETS, CAI, or your state department of education.

Staff, including assistants for students with approved accommodations, and authorized visitors are the only individuals allowed in the testing rooms besides test takers. There are no exceptions. Keep unauthorized individuals away from secure testing materials and out of the sight and hearing of the students until testing is complete. Limit access to the testing rooms and adjoining hallways.

**IMPORTANT:** *If you have any concerns about an individual's authorization, check with the test coordinator for verification before admitting that person to a testing room.*

**Using the Irregularity Chart**

The Irregularity Chart on page 110 lists the most common irregularities along with the procedures and actions you should use in response to them. Where the chart indicates the need for immediate action, respond right away. The chart also indicates when you should complete and submit an IR and when you should plan for makeup tests.

Use the IR to record an irregularity, including:

- Security incidents
- Rule violations
- Test question errors or ambiguities
- Other incidents or disturbances
- Student complaints
- Staff misadministrations

Make sure reports are complete and explicit. Fill out just 1 form for each issue, even if it affects more than 1 student (such as mistiming).

Irregularities filed by proctors must be countersigned by the test coordinator, who should add any useful information. Tell students a report will be submitted, but inform them that if they feel they were affected, they can call to file a complaint no later than the fourth weekday after test day.

# Digital SAT Accommodated Testing Scripts

## Begin Here on Test Day

### Post Information for Students

- Today's date
- Test name ("SAT" or "SAT with Essay")

To be filled in later:

- Session ID
- Start time
- Stop time (approximate)
- Break time

If administering the questionnaire after testing, also post:

- School name, city, and state

### Collecting Students' Personal Belongings

College Board requires testing staff to collect mobile phones, wearable technology, and other prohibited electronic devices before administering the SAT. Plan ahead for collecting electronic devices and backpacks (if allowed and directed by your test coordinator) as students enter the testing room.

During check-in, instruct students to power off electronic devices. If collecting devices, be ready to label items collected so they can be returned after testing. If your school is not allowed to collect devices, tell students to store their phones in a bag or backpack placed to the side of the room away from the testing area. (Have a supply of clear plastic bags to offer students who don't have a bag or backpack with them.) More information is given under Prepare to Collect Student Belongings on page 6.

Tell students to take out any snacks or drinks they brought for the breaks and place them under their desks. Also tell students to take out their calculator (if they brought one) and pens or pencils.

### Seat Late Arrivals

- Students who arrive late may only join if the timed test hasn't begun. **Don't admit students to any room where Section 1 has already begun.** Send late arrivals to the test coordinator.
- Never allow a student to test who has had an opportunity to communicate with students who have completed some or all of the test.

## Start the Digital Test

### Launch the Secure Browser on Student Devices

On iPads and Chromebooks, take the following steps:

1. Launch **SecureTestBrowser**.
2. Click the 4-square menu icon to access the secure browser launchpad.
3. Select **College Board (PSAT 8/9, PSAT 10, and SAT)** from the **State/Organization** drop-down menu. The **Assessment** drop-down will automatically populate.

### Launch the TA Interface from your device

1. Go to the College Board Digital Testing portal, [digitaltesting.collegeboard.org](https://digitaltesting.collegeboard.org).
2. Click **Sign In to the TA Interface**.
3. Sign in to the TA Interface with your username and password.

## Read the Scripts

The scripts in this manual are designed to ensure that every student who takes the SAT has a fair and equal experience. When administering the test, please read the script out loud exactly as written. Take time to review the script(s) that apply to your students so you can administer the test accurately, confidently, and calmly. Your attitude can help students be confident and calm, too.

Read aloud all the directions in the shaded boxes. Read slowly enough to give students time to navigate the secure browser and enter responses. Pause where you see [pause] in the script to allow students time to follow instructions. Text that appears outside of the shaded boxes is intended for proctors and shouldn't be read aloud.

Some of the boxes that follow have alternative scripts to read depending on various criteria, such as whether or not your school has collected students' personal belongings. When you see multiple choices with lettered options (A and B), read the prompts silently before choosing which script to read aloud.

Students with headphones may not be able to hear your announcements while they are testing. Signal students to let them know that you have an announcement.

Don't deviate from these directions or answer any questions regarding the content of the test.

Before starting the test, check the roster for students who need translated test directions and/or word-to-word dictionaries, and distribute them to those students.

#### **When you are ready to begin, say:**

Good morning. As you know, you're here to take the SAT. Congratulations on taking this important step toward your college and career goals.

Before we begin the test, I'm going to read some instructions. This should take about 20 minutes.

Please listen carefully, and raise your hand if you have any questions. Remember, my role is to make sure you have the best opportunity to demonstrate your skills and knowledge.

If you are using printed directions that are translated, open the booklet now to follow along as I give instructions.

## **Explain Testing Rules and Consequences**

#### **Continue by saying:**

College Board SAT Terms and Conditions include rules and policies to make sure all students have a fair and equal test experience. Everyone in this room today is responsible for helping make that happen. If anyone disturbs others or tries to gain an unfair advantage, I'll ask them to leave the room and their scores will be invalidated. They may also be prevented from taking other College Board tests in the future.

#### **List examples of rule violations by saying:**

Here are some examples of unfair advantages:

- Using or attempting to use the testing device for any purpose other than testing
- Giving or receiving help of any kind
- Attempting to remove test materials from the testing room
- Using a mobile phone or any other unauthorized testing aid either during testing or during breaks
- Using an answer key or sharing answers with anyone during or after the test
- Going to a locker or leaving the building during the test
- Attempting to take the test for someone else
- Eating or drinking during testing without an approved accommodation to do so
- Causing a disturbance
- Failing to follow testing procedures

These policies help make sure your testing experience today is fair, and that you can focus on your own test without distractions.

If you see anything that concerns you, please talk to me or another testing staff member after the test, and we'll help you with any next steps.

## **Confirm Prohibited Devices are Powered Off**

#### **Collection of personal belongings:**

*Most schools will be collecting students' phones, electronic devices, and/or backpacks. Read script A if your school allows you to collect belongings. Read script B if your school does not allow collection of students' belongings.*

#### **READ ONLY ONE OPTION.**

#### **A If your school collected personal belongings, say:**

By this time you should have turned in all phones and any other unauthorized electronic devices. If anyone still has a personal electronic device of any kind, including a smartwatch or fitness tracker, please disable any alarms, completely power it off, and turn it in to me now, and it will be returned to you at the end of the test. The only exception is for computers or other devices approved for testing as an accommodation. [pause]

#### **B If your school does not allow collection of personal belongings, say:**

At this time, if you have a phone or any other unauthorized electronic device in your possession, including a smartwatch or fitness tracker, you must disable any alarms, completely power it off, and put it in a bag or backpack to the side of the room until the test is over. If you need a plastic bag to store your phone in, raise your hand and I will give you one. [pause]

Allow time for students to turn in or put away any of these devices.

#### **To all students, say:**

Any electronic device that is not turned off and put away may be collected and its contents inspected as part of a thorough investigation. If you are seen with a device or your device makes a noise or creates a disturbance while in your possession, I will have to dismiss you from testing. From this point on, I will dismiss any student that I see with a phone, smartwatch, or other personal electronic device.

## Prepare Desks for Testing

### Now say:

Thank you for paying attention to these instructions. Now we're going to prepare to start the test.

- Please remove everything from your desk except your pencils or pens, acceptable handheld calculator, and translated test directions or word-to-word dictionary, if you're using one.
- If you brought extra batteries, drinks, or snacks, please put them on the floor under your desk.
- If you have any bags or backpacks remaining at your desk, close them and put them to the side of the room until testing is over. [pause]

Wait for students to finish putting items away.

## Check Items on Student Desks

### Once everyone is ready, say:

Thank you. Please sit quietly while I take a moment to make sure everyone has an acceptable calculator. [pause]

Walk around the room to make sure no one has the following unauthorized materials or aids on their desk (unless approved by College Board for use on a test as an accommodation):

- Mobile phones, smartwatches, fitness trackers, or other wearable technology (simple nondigital watches are acceptable)
- Audio players, recorders, tablets, laptops, notebooks, Bluetooth devices (e.g., wireless earbuds/headphones), or any other personal computing devices
- Separate timers of any type
- Cameras or any other photographic equipment
- Highlighters
- Books or references of any kind
- Compasses, rulers, protractors, or cutting devices
- Weapons or firearms
- Earplugs
- Unacceptable calculators that have QWERTY (computer-like) keypads, use paper tape, make noise, or use a power cord (see Appendix for additional information on acceptable and unacceptable calculators)

If unauthorized devices or aids are visible, have students remove them from their desks. (The NAR will indicate if an aid has been approved for use on a test as an accommodation.)

### Then say:

You may not share or exchange calculators at any time. If you brought a calculator, put your calculator under your desk now. You won't need it until a later section.

Make sure that students have put their calculators under their desks and that any phones, smartwatches, or other prohibited devices have either been collected or placed in a bag to the side of the room, not in a pocket or a desk.

## Distribute Materials

- Distribute a test ticket to each student. Make sure each student receives the test ticket with their first and last name printed on it. If you're unsure of a student's identity, ask the student to present their ID to verify their name.
- Distribute 1 sheet of scratch paper to each student.

## Instructions for Using a Scribe

If you have students using a scribe, read the following script to them before beginning the test.

### To a scribe, say:

Please follow these instructions:

- Your student must dictate their answers in English.
- You must select or submit only what the student dictates.
- You may not prompt the students in a way that would result in a different response.
- When a student is dictating the essay (if applicable), if the student uses a word that is unfamiliar to you or that you don't know how to spell, ask the student to spell it.
- When a student is dictating the essay (if applicable), the student doesn't have to dictate spelling (unless you have a question), but they should dictate punctuation.

Do you have any questions? [pause]

### To a student who is using a scribe, say:

Your answers and any corrections will be recorded as you dictate them. If you want to review your work, your answers will be read to you. Do you have any questions? [pause]

## Proceed to Appropriate Script

Turn to the correct script to begin testing the students in your room.

**IMPORTANT:** Students with SAAs that do not involve using specific formats or nonstandard timing should be tested with Script 1.

### SCRIPTS TO USE FOR TESTING

#### To start testing with: Turn to:

Standard timing	Script 1: Standard Time for Accommodated Testing later in this section
Standard timing with extra breaks	Script 2: Standard Time with Extra Breaks on page 36
Time and one-half (50% extended timing) for entire SAT without Essay (also used for the extended time portions for extended time on math and/or writing only)	Script 3: Time and One-Half for One-Day Testing on page 49
Double time (100% extended timing)	Script 4: Double Time on page 63
Time and one-half for entire SAT with Essay	Script 5: Time and One-Half for Two-Day Testing on page 78

## SCRIPT 1: Standard Time for Accommodated Testing

Use this script to administer the following accommodations without other extended time accommodations:

- AT or braille
- Breaks as needed or extended breaks
- Math only and/or writing only extended time (you'll see instructions for where to switch to Script 3 or Script 4 for these students)
- Permission to test blood sugar, 4-function calculator, or small-group setting
- SAAs that don't require extended time on the entire test or extra breaks

### Set Up the TA Interface for the Reading Test

1. Select College Board SAT.
2. Select SAT Reading Test from the list of sections; click Start Session.
3. Select Standard Time from the Test Time and Breaks drop-down; click OK.
4. Post the Session ID, exactly as it appears, on the board.

**IMPORTANT:** You'll announce and post the Session ID for each test section as prompted by the testing script.

At this point, student devices should be on, with the secure browser ready for their sign in.

### Student's Screen: Secure Browser Sign In

**IMPORTANT:** If Chromebooks or iPads don't display the sign-in screen, refer to Start the Digital Test on page 22 for instructions.

## Give Preliminary Instructions

### When all students are ready, say:

Please listen carefully to these instructions. Your computer should be on the secure browser sign-in screen. If you don't see the College Board logo on your screen, please raise your hand. [pause]

- Type your **First Name** exactly as it is printed on your test ticket.
- Type the **Registration Number** exactly as it is printed on your test ticket.
- Type the **Session ID** exactly as it appears on the board. *[read Session ID aloud]*
- Click **Sign In**.

If you receive an error when trying to sign in, please raise your hand and I'll assist you.

If a student receives an error when signing in, ask them to reenter their information. Ensure the student enters the information exactly as it appears on the test ticket. Verify that the Session ID matches what appears in the TA Interface and on the board.

If the student still receives an error when signing in, give them a backup device. If a backup device is not available, have them reboot their device and launch the secure browser again. Any further issues should be escalated to the test coordinator.

### After all students have signed in, say:

Now verify that the information is correct on the “Is This You?” page. If so, click **Yes**. If the name there is not your own, please raise your hand. [pause]

If the student's name on the “Is This You?” page is incorrect, confirm the identity of the student. Verify that the student has the correct test ticket and has entered the information correctly. Contact your test coordinator if the error can't be resolved.

**IMPORTANT:** Students will go through these screens for every section. Follow the same procedure if this issue arises in a later section.

### Then say:

Please sit quietly and wait for approval. Look up when you see the “Waiting for Approval” message.

If a student is not waiting for approval, make sure the student clicks **Yes** from the “Is This You?” page.

### When everyone is ready and before approving all students, say:

For each section, you will follow this same process for approval using your first name and registration number from your test ticket and a new Session ID. You won't be able to enter a section and begin the test until I approve you to do so. Before I approve everyone to begin testing, remember:

- Throughout this test administration you must listen to all instructions for how to proceed.
- Don't exit or navigate away from the testing session or close your computer until your test is complete. If you do, you could lose testing time or your test may be marked invalid.
- During testing, keep your eyes on your device only.
- If your device malfunctions while testing, raise your hand and I will assist you.
- You'll have breaks during the test when you can leave the room to have a snack or to use the restroom.

**NOTE:** Give extended breaks to approved students by doubling the standard time of regularly scheduled breaks.

All students should now be waiting for your approval.

### Part 1: Admit Students

This is the first part of the 2-part approval process. It won't start timed testing.

1. Click the **Approvals** button on the TA Interface.
2. Click **Refresh** on the Approval Queue pop-up until all your students are listed.

**TIP:** Check the count of students waiting for admission above the table to make sure it matches the number of students in your room.

3. Click the **Admit Students** button.
4. Click **Yes** to confirm.

**TIP:** If a student has a “timing mismatch” error or needs to be returned to the sign-in screen, click the red X next to their name to deny the student entry. Contact the test coordinator for students with timing mismatch errors.

**IMPORTANT:** You will go through this approval process for every section. Follow these procedures when prompted in the scripts to approve students.

**Once you've admitted all students, say:**

You are almost ready to begin. You should now see 3 sections of information on your screen. The first is the Help Guide, which lists the test tools, buttons, and features available during the test. You can access this information during the test by clicking the **Question Mark** icon in the top right corner of your screen.

Once in the test and after you have read the directions, move from question to question using the forward and backward arrows in the top left corner of the screen.

During the test you will also have access to a clock tool. You can view or hide the tool by clicking on the **Clock** icon in the top right corner of your screen. Your clock will begin to count down the time you have remaining in the section. When your time for that section is up, you'll be automatically exited from the test. Are there any questions? [pause]

**If students are using AT, say:**

From this page, you may view your test and time settings. These are the test settings that you've been approved for. Confirm that all information on this page is accurate for your test. If any information is incorrect, raise your hand. If all information is correct, scroll to the bottom of the page and click **OK**. [pause]

If anything on the student test settings page is incorrect, the student should click **Go Back** at the bottom of the page and return to the sign-in screen. Contact your test coordinator immediately to determine if the student's accommodations were set correctly.

**After you answer all questions, say:**

Find the Terms and Conditions section on your screen and review the terms. You are agreeing that you will not, under any circumstances, take any test questions from the testing room, give them to anyone, or discuss them with anyone through any means, including, but not limited to, email, text messages, or the internet. These conditions are in place to make sure all students have a fair and equal test experience. The conditions are spelled out in the *SAT School Day Student Guide for Digital Testing* available to all School Day testers and on the College Board website. When you have finished reading, click the box next to "**I agree to the Terms and Conditions.**" [pause]

**Then say:**

Now click **Start**. You must select the checkbox in the terms and conditions for the **Start** button to be active.

Please place your test ticket to the side; you'll need to refer to it for the next test section. I'll collect the tickets once testing is finished.

You should now see a "Waiting for Approval" message. If you don't see this message, raise your hand. [pause]

If a student isn't waiting for approval, ensure that the student has clicked the box to agree to the terms and conditions. Ask the student to click the box and then click **Start**.

## **SECTION 1: Reading Test**

**STANDARD TIME**

 **65 MINUTES**

**IMPORTANT:** *Do not admit any students who arrive at this point. They must be assigned to a different room or dismissed from testing.*

**When students are ready, say:**

We'll start testing with Section 1, the Reading Test. Once we begin, you'll have 65 minutes to work on Section 1. We'll have a short break after the section is over.

You may use the separate paper provided for scratch work. If you need additional scratch paper during testing, raise your hand at that time and I'll provide it.

If you finish testing before section time ends, you may check your work in this section only. You won't lose points for incorrect answers, so try to answer every question, even if you're not sure of the correct answer.

Test time will begin after I start the test and the test directions appear on your screen. If you finish testing before section time ends, please sit quietly and wait for further instruction. Remember, after the test has ended, no one may leave the room until I announce dismissal.

**IMPORTANT:** *Time starts as soon as you start the test from the TA Interface.*

**Then say:**

Once I start the test, you'll see test directions. Read the directions, then use the navigation arrows to view the first test question and begin work.

All students should now be waiting for you to start the test.

**Part 2: Start Test**

This is the second part of the 2-part approval process.

**⚠ These steps start the test time.**

1. Click the **Approvals** button on the TA Interface.
  2. Click **Refresh** on the Approval Queue pop-up until all your students are listed.
- TIP:** Check the count of students waiting to start testing above the table to make sure it matches the number of students in your room.
3. Click the **Start Test** button.
  4. Click **Yes** to confirm.

**To begin the test, say:**

Good luck, everyone. Time starts now.

**RECORD START AND STOP TIMES HERE — POST FOR STUDENTS**

**65 MINUTES STANDARD TIME**

**START TIME** \_\_\_\_\_

**STOP TIME** \_\_\_\_\_

Record the Session ID here: \_\_\_\_\_

**During the Section**

While students are testing, do the following:

- Post the approximate start and stop times.
- Continue to monitor students' progress in the TA Interface.
- Complete the seating chart on the back of this manual.

Once time has expired for the test section, the TA Interface will alert you that the session has ended; click **OK**. Don't stop sessions early by clicking the **Stop** icon; the TA Interface automatically ends the session when time is complete.

**After Section 1****When the TA Interface alerts you that the testing session has ended, say:**

Section 1, the Reading Test is now complete. You should be on the secure browser sign-in screen. If you don't see this screen, raise your hand. [pause]

I will now walk around and collect any scratch paper. Do not exit out of the secure browser.

If a student doesn't see the sign-in screen, they may still see the message stating that test time is expired and should click **OK**. It may take up to a minute for students to see depending on network connectivity.

**IMPORTANT:** Collect all scratch paper from each student, even if it appears unused or blank.

**For the break, say:**

We'll stop now for a 10-minute break. Please listen carefully to these rules:

- Don't discuss the test questions with anyone or use any kind of electronic device during this break or any other break during the test.
- If you need to leave the room, only go to designated areas, the hallway, or the restroom.
- Snacks and drinks are only allowed in designated areas.
- Please be considerate of students working in other rooms and don't talk in the hallway.

We'll start testing again in exactly 10 minutes.

**⌚ 10-MINUTE BREAK**

Post the break time of 10 minutes and the time testing will resume.

During the break:

- Students should **not** exit out of the secure browser.
- Walk around the room to check that all student devices are on the secure browser sign-in screen.

**At the end of the break, say:**

Please take your seat. I'll now hand out scratch paper for the next section of the test.

Walk around and distribute 1 piece of scratch paper to each student.

**IMPORTANT:** Use this script to test students who have been approved for time and one-half (for reading, for use of EL supports, or for the TTS format with the Read Text Only setting) and are taking the SAT without Essay. If you're testing students with math-only extended time, begin with the appropriate standard time script (Script 1: Standard Time for Accommodated Testing on page 25 or Script 2: Standard Time with Extra Breaks on page 36).

**IMPORTANT:** If you are administering the SAT with Essay to students approved for time and one-half (for reading, for use of EL supports, or for use of a scribe), use Script 5: Time and One-Half for Two-Day Testing on page 78.

### Set Up the TA Interface for the Reading Test

**IMPORTANT:** If you haven't already read Begin Here on Test Day on page 22, please go back and do so now before returning to this script

1. Select College Board SAT.
2. Select SAT Reading Test from the list of sections; click Start Session.
3. Select Time and One-Half (+50%) from the Test Time and Breaks drop-down; click OK.
4. Post the Session ID exactly as it appears, on the board.

**IMPORTANT:** You'll announce and post the Session ID for each test section as prompted by the testing script.

At this point, student devices should be on with the secure browser ready for their sign in.

### Student's Screen: Secure Browser Sign In

**IMPORTANT:** If Chromebooks or iPads don't display the sign-in screen, refer to Start the Digital Test on page 22 for instructions.

### Give Preliminary Instructions

#### When all students are ready, say:

Please listen carefully to these instructions. Your device should be on the secure browser sign-in screen. If you do not see the College Board logo on your screen, please raise your hand. [pause]

- Type your **First Name** and **Registration Number** exactly as they're printed on your test ticket.
- Type the **Session ID** exactly as it appears on the board. *[read Session ID aloud]*
- Click **Sign In**.

If you receive an error when trying to sign in, please raise your hand and I'll assist you. [pause]

If a student receives an error when signing in, ask them to reenter their name and registration number. Ensure the student enters their information exactly as it appears on their test ticket. Verify that the Session ID matches what appears in the TA Interface and on the board.

If the student still receives an error when signing in give them a backup device. If a backup device is not available, have them reboot their device and launch the secure browser again. Any further issues should be escalated to the test coordinator.

#### After all students have signed in, say:

Now verify that your name appears on the "Is This You?" page. If so, click **Yes**. If the name displayed is not your own, please raise your hand. [pause]

If the student name on the "Is This You?" page is incorrect, confirm the identity of the student. Verify that the student has the correct test ticket and has entered the information correctly. Contact your test coordinator if the error can't be resolved.

**IMPORTANT:** Students will go through these screens for every section. Follow the same procedure if this issue arises in a later section.

#### Once everyone is ready, say:

Please sit quietly and wait for approval. Look up when you see the "Waiting for Approval" message.

If a student isn't waiting in your approval queue, make sure the student clicks **Yes** from the "Is This You?" page.

#### When everyone is ready and before approving all students, say:

For each section, you'll follow this same process for approval using your first name and registration number from your test ticket and a new Session ID. You won't be able to enter a section and begin the test until I approve you to do so. Before I approve everyone to begin testing, remember:

- Throughout this test administration you must listen to all directions for how to proceed.
- Don't exit or navigate away from the secure browser until your test is complete, or you could lose testing time.
- During testing, keep your eyes on your device only.
- If your device malfunctions while testing, raise your hand and I'll assist you.
- You'll have breaks during the test when you can leave the room to have a snack or use the restroom.

**NOTE:** Give extended breaks to students approved for them by doubling the standard time of regularly scheduled breaks.

All students should now be waiting for your approval.

## Part 1: Admit Students

This is the first part of the 2-part approval process. It won't start timed testing.

1. Click the **Approvals** button on the TA Interface.
2. Click **Refresh** on the Approval Queue pop-up until all your students are listed.

**TIP:** Check the count of students waiting for admission above the table to make sure it matches the number of students in your room.

3. Click the **Admit Students** button.
4. Click **Yes** to confirm.

**TIP:** If a student has a “timing mismatch” error or needs to be returned to the sign in screen, click the red X next to their name to deny the student entry. Contact the test coordinator for students with timing mismatch errors.

### If students are testing with TTS, say:

Now you should see the text-to-speech sound check. Please follow the onscreen instructions and make a selection at the bottom of the screen. You must confirm that your sound settings are set and functioning each time you enter the test. [pause]

Confirm students have completed the sound check, heard the voice, and made a selection (**Works**, **Doesn’t Work**, or **Skip**). If a student has an issue that can’t be resolved, contact your test coordinator.

### Once you’ve admitted all students, say:

You’re almost ready to begin. You should now see 3 sections of information on your screen. You may need to scroll down to find the Help Guide, which lists the test tools, buttons, and features available to you during the test. You can access this information during the test by clicking the **Question Mark** icon in the top right corner of your screen.

During the test you’ll also have access to a clock tool. You can view or hide it by clicking on the **Clock** icon. It will begin to count down the time you have remaining in the section. When your time for that section is up, you’ll be automatically exited from the test.

Are there any questions? [pause]

### If students are using AT or TTS, say:

From this page, you may view your test and time settings. These are the test settings that you’ve been approved for. Confirm that your test settings are enabled there. If any information is incorrect, raise your hand. If all information is correct, scroll to the bottom of the page and click **OK**. [pause]

If anything on the student test settings page is incorrect, the student should click **Go Back** at the bottom of the page and return to the sign-in screen. Contact your test coordinator immediately to determine if the student’s accommodations were set correctly.

### After you answer all questions, say:

Find the Terms and Conditions section on your screen and read what it says. You are agreeing that you will not, under any circumstances, take any test questions from the testing room, give them to anyone, or discuss them with anyone through any means, including, but not limited to, email, text messages, or the internet. These conditions are in place to make sure all students have a fair and equal test experience. The conditions are spelled out in the *SAT School Day Student Guide for Digital Testing* available to all School Day testers and on the College Board website. When you have finished reading, click the box next to “I agree to the Terms and Conditions.” [pause]

### Then say:

Now click **Start**. You must select the checkbox in the Terms and Conditions for the **Start** button to be active.

Please place your test ticket to the side; you’ll need to refer to it for the next test section. I’ll collect the tickets once testing is finished.

You should now see a “Waiting for Approval” message. If you don’t see this message, raise your hand. [pause]

If a student isn’t waiting for approval, ensure that the student has clicked the box to agree to the Terms and Conditions. Ask the student to click the box and then click **Start**.

You can access this information during the test by clicking the **Question Mark** icon in the top right corner of your screen.

During the test you'll also have access to a clock tool. You can view or hide it by clicking on the **Clock** icon. It will begin to count down the time you have remaining in the section. When your time for that section is up, you'll be automatically exited from the test.

Are there any questions? [pause]

**If students are using AT or TTS, say:**

From this page, you may view your test and time settings. These are the test settings that you've been approved for. Confirm that your test settings are enabled there. In the following script, fill in the time that students should report for testing on Day 2.

**After all materials have been accounted for, say:**

In just a moment, I'm going to let you go. Remember, you should not, under any circumstances, take any test content from the testing room or discuss or share test content with anyone through any means, including email, text messages, internet posts, or on social media. When you return to the testing room tomorrow, remember to bring your acceptable calculator and pencils or pens. We begin Day 2 testing at \_\_\_\_\_. The only exception is your testing device. [pause]

**B If your school does not allow collection of personal belongings, say:**

Good morning. At this time, if you have a phone or any other electronic device in your possession, including a smartwatch or fitness tracker, you must disable any alarms, completely power it off, and put it in a bag or backpack to the side of the room until the test is over. The only exception is your testing device. If you need a plastic bag to store your phone in, raise your hand and I will give one to you. [pause]

Allow time for students to turn in or put away any of these devices.

**To all students, say:**

Any electronic device other than your testing device that is not turned off and put away may be collected and its contents inspected as part of a thorough investigation. I will take a moment now to look around and make sure you are using acceptable calculators. [pause]

Walk around the room to make sure no one has any unauthorized materials or aids on their desk. (The NAR will indicate if an aid has been approved for use on a test as an accommodation.) Refer to Check Items on Student Desks on page 24 for a list of prohibited devices and aids.

If unauthorized devices or aids are displayed, have students remove them from their desks.

**Then, say:**

Please sit quietly while I distribute your test tickets and scratch paper. When you receive your ticket, please check to make sure it is yours.

If the student still receives an error when signing in, give them a backup device. If a backup device is not available, have them reboot their device and launch the secure browser again. Any further issues should be escalated to the test coordinator.

### After all students have signed in, say:

Now verify that the information is correct on the "Is This You?" page. If so, click Yes. If the name there is not your own, please raise your hand. [pause]

If the student's name on the "Is This You?" page is incorrect, confirm the identity of the student. Verify that the student has the correct test ticket and has entered the information correctly. Contact your test coordinator if the error can't be resolved.

37 MINUTES

### Set up the TA Interface for the SAT Essay

1. Click the **Select Tests** button.
2. Select **SAT Essay** from the list of sections; click **Start Session**.
3. Select **Time and One-Half (+50%)** from the **Test Time and Breaks** drop-down; click **OK**.
4. Post the new **Session ID** on the board.

### When students are ready, say:

We'll continue testing with the Essay section. Once we begin, you'll have 75 minutes to work on the Essay. We'll stop for a short break after 38 minutes, and then you'll continue with Section 4.

As you did for the previous section, enter the **Session ID** posted on the board and sign in to the secure browser.

If you receive an error when trying to sign in, please raise your hand and I'll assist you.

**When everyone is signed in, say:**

Now verify that your name appears on the “Is This You?” page. If so, click Yes. You should then see a “Waiting for Approval” message. Please sit quietly and wait for approval.

All students should now be waiting for your approval.

**Admit Students**

Launch the **Approval Queue** and admit students. **This won’t start timed testing.** If needed, refer to Part 1: Admit Students under Give Preliminary Instructions on page 79.

**Once you’ve admitted all students, say:**

Now you should see the Help Guide and Test Settings. Remember that you can access information about test tools and features during the test by clicking the **Question Mark** icon in the top right corner of your screen. [pause]

Click **Start**. You should see a “Waiting for Approval” message. If you don’t see this message, raise your hand. [pause]

If the student isn’t waiting for approval, ensure that the student has clicked **Start** at the bottom of the Help Guide and Test Settings page.

**When all students are ready and before starting the test, say:**

You may use the separate paper provided for making notes and planning your essay, but anything written there won’t be scored. If you need additional scratch paper during testing, raise your hand at that time and I’ll provide it. When you are ready, start typing your essay in the document window in the secure browser. Please do not add your name to your essay (as in “By Jane Doe”). Doing so could delay your essay score.

If you finish before section time ends, you may review your work for this section only. If you complete your review, please sit quietly and wait for further instructions.

Are there any questions? [pause]

**Then say:**

Once I start the test, you will see test directions. Read the directions, then use the navigation arrows to view the Essay prompt and begin work.

All students should now be waiting for you to start the test.

**Start Test**

Launch the **Approval Queue** and start the test. If needed, refer to Part 2: Start Test on page 80 for instructions. This is the second part of the 2-part approval process.

- Continue to monitor students’ progress in the TA Interface.

Once time has expired for the test section, the TA Interface will alert you that the session has ended; click **OK**. Don’t stop sessions early by clicking the **Stop** icon; the TA Interface automatically ends the session when time is complete.

**During the First Half of the Section****After 33 minutes, say:**

You have 42 minutes remaining in the Essay and 5 minutes until the break.

**After exactly 38 minutes, say:**

Please stop work. I’ll now pause your test. Sit quietly until I announce the break.

## Pause Session

In the TA Interface, click the **Pause Session** button, and acknowledge the warning, to pause test time.

### Once all students' tests have been successfully paused, say:

You should now see a message that your test has been interrupted. Click **OK** and you will be returned to the sign-in screen of the secure browser.

It may take up to a minute for students to be exited from the test and returned to the sign-in screen.

### For the break, say:

You'll now have 5 minutes to stretch. Don't discuss test questions during the break or leave the testing room without permission. You may not access a phone or any other electronic device during this or any other break.

We'll start testing again in exactly 5 minutes.

## ⌚ 5-MINUTE BREAK

Post the break time of 5 minutes and the time testing will resume.

If a student doesn't see the sign-in screen, ask them to click the **Next** button in the secure browser and respond to the prompt to exit the section. As you monitor students' completion, collect scratch paper from each student. Collect all paper, even if it appears unused or blank.

**Proceed to After the Test on page 92 and follow instructions to dismiss students.**

# After the Test

## When Testing is Finished

Students who have finished testing may need to be dismissed in 2 groups—students who have completed the questionnaire and score sends (who should be dismissed first), and students who did not complete the questionnaire, or want to identify schools for their score sends.

### To all students, say:

Congratulations—you just finished the test!

Listen to this important information. If you wish to cancel your scores before you leave, ask me for a Request to Cancel Test Scores form, which you must complete before you leave the room. To cancel your scores later, you must notify College Board in writing no later than 11:59 p.m. Eastern Time on the fourth weekday from today.

Send your signed cancellation request by overnight mail or fax. You cannot cancel your scores with an email or phone call.

If you cancel your scores, they will still be sent to the state, but they will not be sent to your chosen colleges or scholarship organizations or be available in College Board's reporting system.

Before dismissing students, determine if any students need to complete the optional questionnaire or submit score sends. This includes students who are completing the test on the makeup day, even if they completed the questionnaire on the primary test day.

### To all students, say:

If you still have not completed the questionnaire or if you have not completed score sends, please keep your test ticket and wait until I dismiss the other students. In a few minutes I'll help you complete this step.

For students who have completed the questionnaire and submitted score sends, continue with the script that follows. When you have dismissed these students, return to Conduct the Preadministration Session on page 8 for any students who need to complete the questionnaire or submit score sends.

Students who do not have parental consent can submit their score sends, but should not answer any other questions in the optional questionnaire.

## Dismissing Students

### To all students ready to be dismissed, say:

I'll now collect your test materials. Please sit quietly until you're dismissed.

Collect all test tickets and remaining test materials, including any translated test directions, at this time. Also collect any school-provided calculators or word-to-word dictionaries.

- Keep students seated until you're sure you have each student's materials.
- Sort materials into piles based on their type, and place them where students can't access them.

### After all materials are accounted for, say:

Remember: you must not, under any circumstances, take any test questions from the testing room or discuss them with anyone through any means, including email, text messages, or the internet.

### To students in DE, NH, and OK who took the SAT with Essay, say:

In addition, you are not permitted to discuss or share today's Essay prompt until after the Essay is available online.

### Remind students of consequences by saying:

As I said at the beginning of the test, if a person violates any of these policies related to test security, their scores will be invalidated and they may be prevented from taking other College Board tests in the future.

### To all students, say:

This test administration is now over. As you prepare to leave, please collect your personal belongings. Once you have everything, you may exit the room quietly. Please keep in mind that students in other rooms may still be testing. Congratulations again and thank you for your participation and for all of your hard work.

**NOTE:** At this point, you'll help students who still need to complete the questionnaire and score sends under Conduct the Preadministration Session on page 8.

Once all students have left the room, continue with the tasks under After Students Leave the Room on page 93.

These accommodations settings and tools are identified in the following tables.

# Manage Student Test Settings in TIDE

## Test Settings via File Upload

A file upload allows you to work with multiple student settings at one time. When using a file upload to modify student test settings, you must manually modify the attributes for each student before the upload can be processed. TIDE applies validation rules which will not allow you to save any test settings until attributes are selected for each student. Attributes indicate if a student is taking a test with College Board–approved accommodations, SAAs, non-embedded accommodations, or EL Supports. If students have had other test settings modified and are included in a new file upload, they will have any previous settings overwritten.

The screenshot shows the TIDE software interface. At the top, there are navigation icons for Home, User Profile, and Preparing for Testing. The 'Preparing for Testing' tab is active. Below the tabs, there's a search bar labeled 'Reg Number/User Email' with a magnifying glass icon. A red horizontal bar contains links: 'Users', 'Students', 'Test Settings and Tools' (which is the active link), 'Rosters', and 'Test Windows'. Underneath this bar, a blue header says 'Upload Test Settings and Tools' with four arrows indicating a process flow. Below the arrows are four numbered steps: '1. Upload', '2. Preview', '3. Validate', and '4. Confirmation'. To the right of these steps is a green-bordered 'Download Templates' button. The main content area has a light gray background. It includes a note: 'Use this page to upload a file of students' test settings and tools you want to add or modify.' with a 'more info' link. Below this is a section titled 'Step 1: Upload File' with a 'Choose File' input field and a 'Browse' button. A 'Upload History' section with a plus sign and a 'Next' button are also visible.

### To upload student test settings:

1. Sign in to TIDE via [digitaltesting.collegeboard.org](https://digitaltesting.collegeboard.org).
2. Click the **Test Settings and Tools** task menu, then **Upload Test Settings and Tools**.
3. Download either the Excel or .csv template from the **Download Templates** drop-down menu. You can use this template file to enter student settings.
4. Open the file in a spreadsheet application or text editor, and add a row for each test setting you want to add or modify. Save the file on your computer.
5. On the Upload Test Settings and Tools page, click **Browse** and navigate to the upload file you created. Click **Next**.
6. Preview the file and click **Next**.

## Entering Student Settings into the Template

Each row represents 1 test setting for 1 student. One or multiple rows can be entered. The first column should include the student's registration number, which can be found in TIDE. The following columns list the test subject, tool name, and value for the tool specified. Appropriate values will be auto-generated in drop-down menus for columns B–D of your uploaded template file. Refer to the *Guide for Adjusting Test Settings in TIDE for Accommodations and Supports at digitaltesting.collegeboard.org/resources* for a detailed list of test settings and their corresponding tool names and values.

In the Excel template, the accommodations must be entered for each section separately. For accommodations that apply for the entire test, you must enter a row for each section, including the SAT questionnaire. See example below:

A	B	C	D
1 Registration Number	Test	Tool Name	Value
2 999999001	0 - Questionnaire	Text-to-Speech/Assistive Technology	TTS (Read Text and Graphics)
3 999999001	1 - Reading Test	Text-to-Speech/Assistive Technology	TTS (Read Text and Graphics)
4 999999001	2 - Writing and Language Test	Text-to-Speech/Assistive Technology	TTS (Read Text and Graphics)
5 999999001	3 - Math Test - No Calculator	Text-to-Speech/Assistive Technology	TTS (Read Text and Graphics)
6 999999001	4 - Math Test - Calculator	Text-to-Speech/Assistive Technology	TTS (Read Text and Graphics)
7 999999001	5 - SAT Essay	Text-to-Speech/Assistive Technology	TTS (Read Text and Graphics)
8 999999001	1 - Reading Test	Test Time and Breaks	Double Time (+100%)
9 999999001	2 - Writing and Language Test	Test Time and Breaks	Double Time (+100%)
10 999999001	3 - Math Test - No Calculator	Test Time and Breaks	Double Time (+100%)
11 999999001	4 - Math Test - Calculator	Test Time and Breaks	Double Time (+100%)
12 999999001	5 - SAT Essay	Test Time and Breaks	Double Time (+100%)
13			
14			

This example of a student settings upload file displays the selected test setting for a student with the registration number 999999001. For this student's SAT, each of the subject sections are included in column B, TTS/AT has been selected with the corresponding "TTS (Read Text and Graphics)" value, and the timing has been set to "Double Time (+100%)." Note that the questionnaire does not have a timing value because it is an untimed section. If you need to upload multiple test settings for 1 student, please use 1 row for each test setting, ensuring that all test settings for 1 student occupy consecutive rows.

**NOTE:** If your file contains a large number of records, TIDE processes it offline and sends you a confirmation email when complete. While TIDE is validating the file, don't press Cancel as TIDE may have already started processing some of the records.

# Guide to Accommodation Alternatives for Digital Testing Mode

Approved accommodations should be consistent with the accommodations students use for taking assessments in school. Some students may be approved for accommodations that don't apply to a digital test. If this is the case, the student may either choose to opt out of testing in the digital mode and use a paper-based test, or they may choose to test with the digital alternatives listed below. The digital alternatives should be considered in consultation with the student and family.

Students taking the test with accommodations, especially those with AT devices, should pretest the device in the secure browser with the Student Digital Test Preview prior to test day to ensure everything works. Please work with your school's SSD coordinator and the student to determine which accommodation option(s) the student will use on test day.

If the digital accommodation supports within the Student Digital Test Preview do not meet the student's testing needs, the test coordinator or SSD coordinator will arrange for alternate accommodation supports (e.g., paper test book, human reader, etc.). Students taking the digital assessment, including those with accommodations, will test in the secure browser with the digital alternatives listed in the below table.

Irregularity	What You Should Do	How to Fill Out the IR
<b>Student Issues</b>		
<b>Student changing from standard to accommodated</b>	<p>The test coordinator may allow a student to change from standard to accommodated testing when they have confirmed the student's eligibility approval. The test coordinator will follow these steps as long as they have appropriate materials and enough staff and space available:</p> <ul style="list-style-type: none"> <li>▪ Mark the student as moved on the standard room list.</li> <li>▪ Add the student to the NAR and note their SSD number.</li> <li>▪ Make any required changes to the student's settings in TIDE.</li> <li>▪ Acquire or reprint the student's test ticket.</li> <li>▪ Write a note for the student to present to the proctor of the room they're moving to, asking that they add them to their room roster.</li> <li>▪ Provide the appropriate testing materials for the student.</li> </ul>	No IR is needed. If the student has already begun testing, call School Day Support immediately.
<b>Excessive breaks</b>  This irregularity does not apply to students approved for "breaks as needed."  	<ul style="list-style-type: none"> <li>▪ Ask the student the reason for excessive breaks (e.g., Is the student ill?).</li> <li>▪ If the student is ill, follow the instructions in this chart under "Illness."</li> <li>▪ Ask the student to navigate to the next unanswered question. Do not allow extra time.</li> <li>▪ Have a room or hall monitor check where the student is going during breaks.</li> </ul>	Note the length of absence, and the student(s) and question(s) affected. Bubble Page 2, Section 7b—Other Issue—"Other."
<b>Illness</b>   Call School Day Support immediately.	<ul style="list-style-type: none"> <li>▪ Ask the student to navigate to the next unanswered question. Do not allow extra testing time. Permit student to leave the testing room temporarily.</li> <li>▪ If the student is unable to continue, pause their test from the Actions column in the TA Interface, collect their test ticket and scratch paper, and dismiss the student from the testing room. Advise the student of the cancellation policy. (The cancellation policies are given in the SAT script, just before dismissal of students.) If the student cancels their scores, you may test them on the makeup day, counting the student as an absentee.</li> <li>▪ If illness results in a disturbance, see instructions in this chart under "Disturbance or other distractions."</li> </ul>	Note the length of absence, and the student(s) and question(s) affected. Bubble Page 2, Section 7b—Student Error/Issue—"Student became ill." Also bubble Page 2, Section 7a—"Did student complete testing?" (Yes or No). You may also add a comment if the student plans to test on the makeup date.
<b>Calculator malfunction</b>	<ul style="list-style-type: none"> <li>▪ Allow the student to replace batteries or try a backup calculator, if available. If the problem persists, remind student of the embedded calculator they can access from the secure browser.</li> <li>▪ The student can choose to continue with the embedded calculator. If they continue, don't allow extra time.</li> <li>▪ If the student decides to cancel, inform them that their scores will still be sent to the state but will not be sent by College Board to the student's chosen colleges or scholarship organizations.</li> <li>▪ Provide an SAT School Day Request to Cancel Test Scores form and have the student complete and sign it. The proctor must also sign.</li> </ul>	Document the malfunction. Bubble Page 2, Section 7b—Student Error/Issue—"Student had calculator malfunction."

Irregularity	What You Should Do	How to Fill Out the IR
<b>Test question ambiguity</b>	Direct the student to give the best possible answer. Tell the student a report will be submitted. If the student expresses concern after the test date, tell them to report the test form, test section, content of question, and nature of the error as soon as possible to <a href="mailto:satquestion@collegeboard.org">satquestion@collegeboard.org</a> .	Add any student information if possible on the IR, as full a description as possible, and your contact information. Bubble Page 2, Section 8—choose correct issue and provide listed student information. Fill in Section 9, Comments.
<b>Hardware/Software/Network Malfunctions</b>		
<b>Test-taking device malfunction</b>  (e.g., the secure browser won't launch; cannot establish connectivity to the internet; headphones or monitor stops responding)	<p>Contact your technology coordinator. If it is determined that the issue is not local, contact School Day Support immediately.</p> <p>If a technical issue occurs and is resolved during testing, allow the student to continue testing. A student may be moved to another working device, if available. Ask the student to sign in to the secure browser and enter the Session ID. Then approve the student for testing. The student's time will be maintained in the secure browser.</p> <p>Or,</p>	<p>Describe the irregularity and note any loss of testing time.  Call School Day Support immediately.	<p>If a technical issue can't be resolved and the timed portion of the test hasn't begun (e.g., the Reading Test), move the student to another working device, if available, or to another testing room where testing hasn't begun.</p> <p>Or,</p> <p>If the timed portion of testing has begun and the issue cannot be resolved, pause the student's test from the <b>Actions</b> column in the TA Interface, collect their test ticket and scratch paper, and dismiss the student from testing.</p> <p>Call School Day Support immediately. Do not readmit the student to the testing room.</p> <p>Don't allow technical issues to impede other students' test time.</p> <p>The student may be eligible for a makeup. Plan to test the student on your school's makeup day.</p>	
<b>Secure browser freezes</b>	<p>If the secure browser freezes or the loading screen appears for an extended period of time, force exit the student out of the secure browser, which may require you to restart the device.</p> <ul style="list-style-type: none"> <li>▪ If there is a spare device available, immediately switch the device for the student.</li> <li>▪ Allow the student to continue testing. Ask the student to sign in to the secure browser and enter the Session ID. Then approve the student for testing.</li> <li>▪ If a student is undertime, follow the instructions in "Undertiming" earlier in this chart.</li> <li>▪ The student's time will be maintained in the secure browser. If the student is unable to receive their full testing time, record the duration of the interruption on an IR.</li> <li>▪ Only fill out an IR if there's an undertiming of 5 minutes or more, or if this caused a disturbance to the testing room.</li> </ul>	<p>Describe the irregularity and note any loss of testing time. Note the question(s) and section(s) affected.</p> <p>For an individual, bubble Page 2, Section 7b—Defective Materials Issue—"Technology disruption."</p> <p>Fill in details in Section 9, Comments.</p>

Irregularity	What You Should Do	How to Fill Out the IR
<b>Test session stops or proctor's device malfunctions</b>  Refer to the <i>Digital Testing Room Quick Start Guide</i> for troubleshooting tips.	If the proctor's device powers off or loses internet connectivity while students are still testing, the session will remain open for 20 minutes to allow the proctor time to reenter the session. Students will not receive an error and will continue to test.  Take immediate action before the session times out: <ul style="list-style-type: none"><li>▪ Sign in to the TA Interface and click the button to <b>join</b> your active session.</li></ul> If the TA Interface loses internet connectivity for more than 20 minutes or the proctor closes the web browser or navigates to another website during an active test session, student testing will be disrupted. Students will receive an error message stating that the session is no longer available.  If the test session is disrupted and students receive the error message, take immediate action to resume testing: <ul style="list-style-type: none"><li>▪ Prompt students to acknowledge the error message by clicking <b>OK</b>, which will take them back to the sign-in screen.</li><li>▪ Create a new session and share the new Session ID so students can sign in again and resume testing.</li></ul>	Describe the irregularity and note any loss of testing time.  Bubble Page 2, Section 6—"Problem with internet connectivity."  Fill in the details in Section 9, Comments.
<b>Restart Testing</b>		
<b>Test settings not correct for AT and/or TTS</b>   Call School Day Support.	If a student has logged in to the test environment and their test settings or accommodations are not correct for the AT and/or the auditory assistance tools for TTS: <ul style="list-style-type: none"><li>▪ Tell the student to log out. The test coordinator (or SSD coordinator) must modify the student's test settings in TIDE.</li><li>▪ Contact School Day Support to restart the student's test.</li></ul>	Describe the irregularity and note any loss of testing time. Note the question and section(s) affected.
