

State Assessment Monitoring Program

To ensure the security and integrity of the state assessment program, each school district is monitored for compliance with the regulations, policies, and procedures relative to administering the state assessment program. Monitoring occurs on a 5 (five) year cycle and districts are selected using a random number generator (RNG).

In the Winter of 2024, the Department began a new 5-year cycle of monitoring. The following tables identify which year each school district and chartered public school will be monitored during the upcoming cycle.

2024 Assessment Monitoring

Year	School District or Chartered School	Number of Schools	RNG
2024	Academy for Science and Design Charter School	2	0.010964
2024	Dover	5	0.019691
