

## Dynamic Learning Maps® (DLM®) Alternate Assessment Technology Preparation: Kite® Student Portal 2023

### Step 1: Install Kite Student Portal

Kite Student Portal is a secure testing browser where students take the DLM assessments.

- Kite Student Portal must be installed on all student devices.
- **For Returning Teachers:** Chromebook and iPad applications should automatically update unless they have not been configured by your school's IT staff. Check with your IT staff to ensure the application updates.
- The Mac and Windows installers and instructions are available on the [Kite Suite](#) and can be downloaded and installed.
- Kite Student Portal Sign In:

- Students will log in to the Kite Student Portal, to take the DLM alternate assessment using their username and password located on their individual test ticket. Test tickets are retrieved by the test administrator in Kite Educator Portal.

#### ❖ Prepare for the DLM Alternate Assessment

To become familiar with Student Portal, teachers and students may use the student demo accounts available in the [Guide to Practice Activities and Released Testlets](#) to log in and practice first before taking the assessment.
