

### Example Activity #1 :

Activity ID:	
Please select a Category from the dropdown list below.	
Priority to be Addressed: (What is the Need and how did we determine it?)	
Reaching students in a remote learning environment.	
ACTIVITIES: (What will we do to achieve our outcomes?)	
<p>In order to give students ability to access work in a remote learning setting we will be creating send home reading packets. Each reading packet will include take home books, reading worksheets, flashcards, movement breaks ideas, and a list of online resources that students can use at home for reading, such as Epic!, Starfall, and Scholastic.</p> <p>Costs include – take home books (black and white copies expected to be kept by students), worksheets, and flash cards. Also, time incurred by staff to make packets – planning and creating time.</p>	
<b>Performance Measurement:</b> (How will we prove that we have met our objectives?)	In Performance Measurement section, describe how you would measure that outcome to determine success. Identify the data would you collect and how would you collect it.
<b>Outcome:</b> (How do we address the need?)	In the Outcome section, describe the intended outcome that meets the need. It is not the activity, but the conditions that would remove the need.

### Activity Example #2:

Activity ID:
Please select a Category from the dropdown list below.

Priority to be Addressed: (What is the Need and how did we determine it?)	
Giving Teachers and students access to technology subscriptions to access remote learning.	
ACTIVITIES: (What will we do to achieve our outcomes?)	
We will be ordering a subscription to RazPlus – an online resource that will allow us to assign reading to students, let them explore online learning at their own levels, and track progress as they move through the program. Each student will have their own personal login and be encouraged to check in each day. Teachers will assign books according to level, topic, or interest.	
1 classroom subscription to RazPlus – 209.95	
Performance Measurement: (How will we prove that we have met our objectives?)	With RazPlus you are able to track student progress through the website. As students continue the goal is to have them go up in levels throughout the year so that at the end of the year they are 2 levels above where they started.
Outcome: (How do we address the need?)	Students will grow in their reading levels

### Activity Example #3:

Activity ID:
Please select a Category from the dropdown list below.
Priority to be Addressed: (What is the Need and how did we determine it?)
To make sure teachers have access to technology while preparing remote lessons
ACTIVITIES: (What will we do to achieve our outcomes?)
To give teachers access to technology to prepare lessons, video chat with students, and communicate via email and zoom with colleagues. We will be purchasing laptops for our title 1 teachers. This will also allow teachers to access professional learning opportunities online.
Laptops - \$1000 x 4 teachers = \$4000

Performance Measurement:  (How will we prove that we have met our objectives?)	Teachers will be able to successful prepare lessons so students will be able to retain knowledge and grow during remote learning.
Outcome: (How do we address the need?)	Students will grow individually to be at grade level or beyond at the end of the school year.
