EXPLANATIONS

Column

- 1** Basis for the computation of Local Property Taxes as shown on individual property tax bills.
- 2** Basis for the computation of the State Education Tax as shown on individual property tax bills.
- 3** The equalized valuations represent the fair market value of most property. The equalized value of current use property is equal to the value of property that would generate the same tax revenue. Equalized valuations and tax rates are comparable from town to town and used for state reports.
- 4** Basis for "Equalized" State Education Tax Rate. (See Explanation for Column 3.)
- 5** The amount of money to be raised by Local Property Taxes for schools.
- 6** The amount of money to be raised by Local Property Taxes for other services (town and county).
- 7** The amount of money to be raised by the Statewide Enhanced Education Tax. In places with two or fewer students the Statewide Enhanced Education Tax assessment may be more than the state budget. When this happens the excess is applied to the local education and other local budget. The result may be negative assessments and tax rates.
