AGENDA ITEM V. SPECIAL PRESENTATIONS

A. Hearing – NH Department of Education/Lakeview School - Acting Chair Honorow set some ground rules regarding the hearing. The hearing was allotted two hours with 30 minute presentations from both parties and rebuttal after all initial presentations, including 5 minutes from the Department’s time for the Disability Rights Center. Acting Chair asked Board members if they were satisfied with the timeframe and all agreed. Acting Chair swore in all parties who were testifying who were not attorneys. Acting Chair Honorow disclosed that she is on the Board of Directors for Gateways Community Services in Nashua and explained that while she did not believe it was a conflict, she was asking if the parties felt it was a conflict of interest. Both counsel for Lakeview and the Department stated that they did not believe it was a conflict.

This appeal results from an enforcement action taken under Ed 1125. On April 10, 2015, Commissioner Barry, after an investigation of Lakeview Neurorehabilitation Center, withdrew approval of and ordered cessation of Lakeview’s Special Education program. If the State Board affirms the Commissioner’s decision, the decision of the Commissioner will be upheld. If the State Board denies the Commissioner’s decision, further action will need to be taken. The following people argued or presented evidence on behalf of the Lakeview School: Attorney Edwinna C. Vanderzanden, Lori Lutz, Joy Kiley, Tina Trudel and Chris Slover, owner of the Center. Attorneys Erin McIntyre and Lisa English represented the Department of Education and Attorney McIntyre argued on behalf of the Department. Attorney Karen Rosenberg argued on behalf of the Disabilities Rights Center.

The Department raised a procedural matter asserting that Lakeview was going to request permission to submit additional documents that were not attached to the appeal and the Department objected to this. Lakeview objected to the submission from the Disabilities Rights Center and asked that it be stricken from the record. After listening to argument from both sides and meeting with counsel, Acting Chair issued the following order:
1. Any document that had been submitted by Lakeview to the Department as part of the investigation would be part of the record for any appeal, including an appeal to the New Hampshire Supreme Court. As a result, the Board would not accept the CD from Lakeview that purportedly contained approximately 3,000 documents.

2. The submissions from the Disabilities Rights Center were accepted with the understanding that the Board would give these submissions whatever weight the Board deemed appropriate. The Disabilities Rights Center was also advised by the Board that, during its 5 minute presentation, it should focus on the special education issues.

3. No transcripts that were created by Lakeview from telephone calls with Department employees would be accepted as part of the record due to concerns regarding how the recordings occurred.

4. Any presenter during the hearing must only refer to the original documents as they were submitted to the Department during the investigation and not to any modified version of a document. Further, no documents created or submitted after April 10, 2015, would be considered by the Board.

5. Any document to be used during the hearing must not contain confidential information unless such information is appropriately redacted.

There were presentations by Lakeview, the Department and the Disabilities Rights Center with opportunity for rebuttal. The Board asked several questions to which everyone who had been sworn in had an opportunity to respond. The official detailed record of the hearing is available separately from these minutes.

The hearing began at 10:05 AM with the procedural issues being decided at 11:45 AM. The hearing officially ended at 1:45 after all presentations and the Board’s deliberation and decision.

MOTION: Bill Duncan moved, seconded by Cindy Chagnon, that the State Board of Education uphold the Commissioner’s decision ordering the cessation of Lakeview’s Special Education program.
This was done by a roll call vote: Emma Rous – Yes, Gary Groleau – Yes; Gregory Odell – Yes; Cindy Chagnon – Yes; Helen Honorow – Yes; Bill Duncan – Yes.

B. Public Hearing – Ed 507.16 and Ed 612.21, Physical Education and Ed 506.04, Principal and Ed 506.08, Associate Principal – Acting Chair Honorow opened the hearing at 11:00 a.m. Ed 506.04 contains certification requirements for Principal Instructional Leader and Ed 506.08 contains certification requirements for Associate Principal Instructional Leader. This requirement to demonstrate the ability to use selection retention and final evaluation procedures in selection of teachers and support personnel is being added to each of these sections because it was removed in a previous rulemaking by a scribe’s error. Ed 507.16 contains certification requirements for Physical Education teacher and Ed 612.21 is the teacher preparation program for physical education. The larger part of these rules have expired and are being updated with competencies consistent with current standards and practice. There was no testimony at this hearing. The hearing was closed at 1:15 p.m.

C. Student/Epsom School Board – SB-FY-14-03-011 – A request for hearing by the Board on behalf of the student was received from the Parents on March 3, 2014. The parents appealed the school board decision regarding bullying. As a result of parents’ January 2015 email, it is recommended that the Board approve the Hearing Officer’s Report and adopt the Recommendation of March 21, 2015 based on the parents’ confirmed withdrawal of their appeal.

MOTION: Cindy Chagnon made the motion, seconded by Gary Groleau, that the State Board of Education voted to accept the Hearing Officer’s Report and adopt the Hearing Officer’s Recommendation.

AGENDA ITEM VI. NEW DEPARTMENT BUSINESS

Ensuring Equitable Access to Excellent Educators Plan – Karen Soule and Ira Glick were present to discuss this plan. Karen Soule gave a brief history of NH Equity plans in the past and what the new requirements are from the USED for the most immediate equity plan. She emphasized that this initial plan is a work in progress, is based on supporting the transformation of education in New Hampshire assuring that all students have access to excellent educators. There are at least two key differences from previous plans, first of all it is a living, breathing document that is ongoing and has and will continue to actively engage stakeholders in this process. Even though as we reviewed data on New Hampshire student poverty and beginning educators there is only a .19 correlation which is not much of a relationship. However, we know that there are pockets of poverty and minority students so we had to look at the extremes. As a result we identified equity gap data around beginning educators and students in poverty. This initial piece of quantitative data helped us draw our initial picture. Knowing that this may not tell the whole story we will reach out to districts by offering focus groups or structured interviews that will help us to refine our understandings of these gaps, if they truly are gaps. This knowledge will assist us in supporting schools and districts facing these issues. It is important to remember that the plan is just the first step in the process to assure equitable access for all students to excellent educators and is about New Hampshire communities. Our stakeholders will continue to be involved and already we have a meeting scheduled in early June to develop a communication plan.
